SOCIETIES AND NETWORKS 300–1200

COUNTERPOINT: The Norse Vikings: The New Barbarians

**FOCUS** How did the Vikings’ society and culture contrast with those of the settled societies of Europe?

The Norse Vikings ("sea raiders") who terrorized Latin Christendom for more than two centuries originally operated as independent bands of pirates and rarely acknowledged any authority other than the captains of their ships. Their Nordic homelands did not shift to formal centralized authority until the mid-eleventh century. Ultimately, however, the Vikings were transformed by their interactions with the settled peoples whose goods they coveted.

LIVES AND LIVELIHOODS

Mongol Women in the Household Economy and Public Life

The prominence of women in the life of the pastoral nomads of the Eurasian steppes contrasted starkly with a women's subordinate place in most settled societies. Under Chinggis Khan's permanent militarized society, newly

SEEING THE PAST

Images of Power in Tiwanaku Art

The lack of written records leaves us with many mysteries about the composition, character, and even the names of the ruling elites who lived in the sumptuous palaces of the city of Tiwanaku. But artistic and architectural evidence gives important clues about the self-image of Tiwanaku’s rulers.

Explores the ways historians use and produce information to explain key transformations in global economic, political, and ideological relationships since the sixteenth century

Forging the Modern World
A History

Second Edition
JAMES CARTER and RICHARD WARREN, both at St. Joseph’s University

In Forging the Modern World: A History, Second Edition, authors James Carter and Richard Warren offer an accessible explanation of key transformations in global economic, political, and ideological relationships since the sixteenth century. The book is distinct from most world history texts in three important ways. First, it explores the ways in which historians use and produce information. Each chapter delves deeply into one or two specific issues of historical inquiry related to the chapter theme, showing how new primary sources, methodologies, or intellectual trends have changed how we engage with the past. Second, it clearly explains the political, economic, and ideological concepts that students need to understand in order to compare events and trends across time and space. Finally, the chapters are organized around global historical themes, which are explored through an array of conceptual and comparative lenses.

NEW TO THIS EDITION

• A new feature—“Historians Explore”—in each chapter introduces a historiographical debate, innovative new scholarship, or controversial approaches to historical events
• Updated scholarship provides students with a clearer understanding of a variety of topics
• Introductory vignettes are now contextualized with discussion questions
• An improved chapter organization includes a consistent number of subsections in each chapter
• A new companion sourcebook, edited by James Carter and Richard Warren, offers six or seven readings per chapter

Package and Save!

Sources for Forging the Modern World includes eighty-six primary-source documents. Expertly edited for clarity and pedagogical utility, the sources range from letters, political tracts, memoirs, and fiction to essays, speeches, and legal documents. Each source is also accompanied by a headnote and reading questions. Only $5 more when packaged with the text.

Contact your Oxford University Press representative or call 800-280-0280 for more information.

Contents

Each chapter ends with a Conclusion and A Few Good Books.

Introduction: Forging the Modern World

Chapter 1. The Many Worlds of the Fifteenth Century, 1405–1510

Political and Economic Order on the Afro-Eurasian Supercontinent

The Rise and Fall of States in Afro-Eurasia

HISTORIANS EXPLORE: THE VOYAGES OF ZHENG HE

American Empires of the Fifteenth Century

Chapter 2. The New Global Interface, 1486–1639

The Conquest Era

HISTORIANS EXPLORE: INDIGENOUS POPULATION DECLINE

From Conquest to Colonialism

A World Connected

Chapter 3. The Paradoxes of Early Modern Empire, 1501–1661

The Words and Deeds of Empire Building

Tangled Loyalties and the European Wars of Religion

Collapse and Restoration of Empire in China

HISTORIANS EXPLORE: THE SLAVE TRADE

Chapter 4. Production and Consumption in the First Global Economy, 1571–1701

Agricultural Production

Staple Foods

The Sugar-Slave Plantation System

Global Trade Networks

Silver and Global Economy

HISTORIANS EXPLORE: SILVER MINING IN SPANISH AMERICA

States and Economic Activity

Chapter 5. Global War and Imperial Reform, 1655–1765

Consolidating the Center: Modernizing Monarchies

The Question of Control in the Atlantic Seaborne Empires

HISTORIANS EXPLORE: THE SLAVE TRADE

The Path to World War Zero

Chapter 6. A New Order for the Ages, 1755–1839

What is Enlightenment?

Revolution and Reaction

HISTORIANS EXPLORE: HOW RADICAL WAS THE AMERICAN REVOLUTION?

The Collapse of Iberian Empires in the Americas

New Challenges of Political Organization

Chapter 7. The Engines of Industrialization, 1787–1868

What is Revolutionary about Industrialization?

Spinning the Industrial Revolution Story

HISTORIANS EXPLORE: THE INDUSTRIAL REVOLUTION

Life During the Industrial Revolution

The Transformation of Global Power Relations

Chapter 8. Modernity Organized, 1840–1889

Reform versus Revolution

Nation and Citizen in the Western Hemisphere

HISTORIANS EXPLORE: ABDICATION, MIGRATION, AND THE GLOBAL LABOR FORCE
The New Imperialism and Neo-colonialism
The Impact of Imperialism in Africa and India
Sovereignty and Conflict in East Asia

Theory Meets Reality in Modern Warfare
A Great War
The Global Repercussions of the Great War
Negotiating the Future in the Shadow of the Great War
HISTORIANS EXPLORE: LITERATURE AS SOURCES
Which Way Forward?

Chapter 11. The Ongoing Crisis of Global Order, 1919–1948
Eurasia After the Great War
A Communist World Future?
HISTORIANS EXPLORE: FAMINE IN THE UKRAINE
The Global Economy in the 1920s
The Collapse of the Post-War Order
War Without Limits

Chapter 12. Hot Wars, Cold Wars, and Decolonization, 1942–1975
Uncomfortable Allies Plan the Future
The Global Cold War
HISTORIANS EXPLORE: KENYA AND DECOLONIZATION
Economic Development and Nonalignment: Three Worlds?

Shifts in the Global Political Dynamic
Transitions in the Communist World in the 1980s
HISTORIANS EXPLORE: THE END OF THE COLD WAR
The End of History and Its Quick Return
Economic Integration

WESTERN CIVILIZATION
Europe in the Modern World
A New Narrative History Since 1500
EDWARD BERENSON, New York University
Europe in the Modern World: A New Narrative History Since 1500 is an unusually engaging narrative history of Europe since 1500. Written by an award-winning teacher and scholar, the narrative highlights the major episodes of the European past and vividly connects those episodes to major international events. Each chapter opens with a compelling biographical sketch that gives the book’s ideas a vibrant, human face, while “Writing History” exercises at the end of each chapter offer students step-by-step guidance toward effective, polished prose.

ebook: 978-0-19-063663-0  $27.95
loose-leaf: 978-0-19-064002-6  $41.99

Cultures of the West
A History

CLIFFORD R. BACKMAN, Boston University

Cultures of the West: A History, Second Edition, focuses on the ways in which the major ideas and passions of Western culture developed, internally, and how they interacted with the broader world—for good and for ill. The development of such key ideas as religion, science, and philosophy form the central narrative of this book.

NEW TO THIS EDITION

• A more comprehensive treatment of Western Europe, with fuller coverage of the Middle Ages, the French Revolution, and the world wars
• A new Chapter 9: The Expansive Realm of Islam, 30–900 in Volume 1 and two fewer chapters in Volume 2 for a more course-friendly periodization
• Consistent treatment of women and gender in the central narrative
• New chapter introductions and conclusions
• New marginal headings that identify key events and developments
• An expanded map program featuring twenty-four new maps
• A new Prologue: Before History in Volume 1 and the combined edition
• Updated scholarship

TEACHING AND LEARNING RESOURCES

The Ancillary Resource Center (ARC) includes PowerPoint slides, JPEGs, and PDF files; an Instructor’s Resource Manual; a Computerized Test Bank; and the Oxford World History Image and Video Library.

The Companion Website (www.oup.com/us/backman) provides quiz questions and interactive maps, flashcards, documents, and links to YouTube videos.

Dashboard Online Homework System offers multiple-choice questions, short-answer questions, essay questions, PowerPoint slides, and flashcards. Only $25 when packaged with the text.

Sources for Cultures of the West, Volume 1: To 1750 and Volume 2: Since 1350, Second Edition: Only $5 per volume when packaged with the text.

Mapping the Cultures of the West, Volume 1: To 1750 and Volume 2: Since 1350: FREE when packaged with the text.

Now Playing: Studying Western Civilization Through Film: FREE when bundled with the text.

A graphic history set in the height of the New Imperialism that examines issues of empire, disease, and modernity in French colonial Hanoi

The Great Hanoi Rat Hunt

Empire, Disease, and Modernity in French Colonial Vietnam: A Graphic History

MICHAEL G. VANN, Sacramento State University, and LIZ CLARKE

The Great Hanoi Rat Hunt: Empire, Disease, and Modernity in French Colonial Vietnam tells the darkly humorous story of the French colonial state’s failed efforts to impose its vision of modernity upon the colonial city of Hanoi, Vietnam. Part of the Graphic Histories series, this book offers a case study in the history of imperialism, highlighting the racialized economic inequalities of empire, colonization as a form of modernization, and industrial capitalism’s creation of a radical power differential between “the West and the rest.” Featuring forty-nine primary sources—many available in English for the first time—and three full-color maps, The Great Hanoi Rat Hunt illustrates the ironic and tragic ways in which modernization projects can have unintended consequences.

VIETNAM WAR

Everyman in Vietnam
A Soldier’s Journey into the Quagmire
MICHAEL ADAS and JOSEPH J. GILCH, both at Rutgers University
Based on an exceptional collection of letters written by an American soldier during his tour of duty, Everyman in Vietnam: A Soldier’s Journey into the Quagmire provides a gripping and multi-dimensional way to understand the nature and enduring significance of the Vietnam conflict. The book’s vivid, intimate, and accessible account of Jimmy Gilch, an ordinary American soldier in Vietnam, offers a unique glimpse into the complexities and contradictions of the American intervention there.

AGE OF REVOLUTION

The Revolutionary Atlantic
Republican Visions, 1760–1830: A Documentary History
RAFE BLAUFARB, Florida State University
The Revolutionary Atlantic: Republican Visions, 1760–1830: A Documentary History is the first book to bring together primary sources on the four major revolutions—American, French, Haitian, and Spanish—that comprised the Age of Atlantic Revolutions. There are primary sourcebooks on all of these revolutions, but never before have documents from all four revolutions been brought together within a single volume so that the revolutionary republican movement can be examined as a whole.

HISTORY OF RUSSIA

The most comprehensive, up-to-date, and balanced survey of Russian history

A History of Russia
Ninth Edition
NICHOLAS V. RIASANOVSKY, University of California, Berkeley, AND MARK D. STEINBERG, University of Illinois, Urbana-Champaign
Now extensively revised in this ninth edition, A History of Russia covers the entire span of the country’s history, from ancient times to the post-communist present. Keeping with the hallmark of the text, Riasanovsky and Steinberg examine all aspects of Russia’s history—political, international, military, economic, social, and cultural—with a commitment to objectivity, fairness, and balance, and to reflecting recent research and new trends in scholarly interpretation. In the ninth edition, this includes expanded attention to the experiences of ordinary men and women and to imperial expansion and diversity. Extensively revised and with a more streamlined organization, A History of Russia, Ninth Edition, includes recent developments in Ukraine and Russia’s near abroad in the Putin era.

2018 752 pp.
eBook: 978-0-19-064559-5 $47.95
loose-leaf: 978-0-19-064560-1 $71.99
paper: 978-0-19-064558-8 $94.95

37. Politics and Economy after Stalin, 1953–85

Part VI: The Russian Federation
41. Politics after Communism: Yeltsin and Putin
42. Economy, Society, and Culture after Communism

History of Italy

A comprehensive yet concise history of Modern Italy from 1796 to the present

A History of Modern Italy
Transformation and Continuity, 1796 to the Present
ANTHONY L. CARDOZA, Loyola University Chicago

A History of Modern Italy addresses the question of how Italy’s modern history—from its prolonged process of nation-building in the nineteenth century to the crises of the last two decades—has produced a paradoxical blend of hyper-modernity and traditionalism that sets the country apart in the broader context of Western Europe. Author Anthony L. Cardoza explores how Italians have experienced seismic shifts in their social and economic landscape over the past two centuries, while simultaneously maintaining older cultural norms, social practices, and political methods. The book’s narrative of modern Italy incorporates and blends the research findings and methodological insights of the new quantitative and cultural historical scholarship of the past twenty-five years. In doing so, the book chronicles the regime changes that have taken the country from a liberal monarchy, through a fascist dictatorship, to a democratic republic while also delving into the economic and social history of the nation through these periods.

Combines an engaging narrative and extensive primary sources to make Roman history more accessible than ever before

Ancient Roman Civilization
History and Sources, 753 BCE to 640 CE
RALPH W. MATHISEN, University of Illinois at Urbana-Champaign
Ancient Roman Civilization: History and Sources: 753 BCE to 640 CE integrates in a single volume both a historical narrative and parallel translated primary sources. The book’s unifying theme of cultural confrontation—how the Romans interacted or engaged with a multitude of other Mediterranean, Asiatic, and African cultures—is interwoven throughout.

Provides the most up-to-date and balanced account of one of the world’s most complex and controversial conflicts

The Arab–Israeli Conflict
A History
Second Edition
DAVID W. LESCH, Trinity University

Whether filtered through the media or through the classroom, the Arab–Israeli conflict has become a pervasive—and often misunderstood—subject of our contemporary cultural landscape. In this compelling new edition of The Arab–Israeli Conflict, widely respected scholar David W. Lesch presents the most balanced and accessible account of the conflict. Combining narrative history, primary sources, and informative analyses, The Arab–Israeli Conflict enables students to form their own educated opinions about complex and controversial issues.

Patterns of East Asian History
CHARLES A. DESNOYERS, La Salle University
Covering all of East Asian history from the Neolithic to the present—including Mongolia and Vietnam, alongside China, Japan, and Korea—Patterns of East Asian History uses recognizable and widely accepted patterns of historical development as a loose framework around which to structure the material. This approach serves as both an organizational aid to instructors and as a tool to make complex material more comprehensible to students. The result is enhanced pedagogical flexibility. This subtly recursive format allows abundant opportunities for contrast and comparison among and within the societies under consideration. The overall aim is to simplify the immense complexities of history for beginning students without making them simplistic. Featuring nearly sixty maps and 200 photos, Patterns of East Asian History provides a rich visual history that complements its engaging narrative.

March 2019   480 pp.
eBook: 978-0-19-994648-8   $22.95
paper: 978-0-19-994646-4   $44.95

“Patterns of East Asian History offers significant features that other texts do not. Desnoyers does an excellent job of identifying and explaining patterns in East Asian civilizations; he includes the latest scholarship and places East Asia in the context of world history.”

—Peter Worthing, Texas Christian University
A Modern History of Japan
From Tokugawa Times to the Present
Fourth Edition

ANDREW GORDON, Harvard University

A Modern History of Japan: From Tokugawa Times to the Present, Fourth Edition, paints a richly nuanced and strikingly original portrait of the last two centuries of Japanese history. It takes students from the days of the shogunate—the feudal overlordship of the Tokugawa family—through the modernizing revolution launched by midlevel samurai in the late nineteenth century; the adoption of Western hairstyles, clothing, and military organization; and the nation’s first experiments with mass democracy after World War I. Author Andrew Gordon offers the finest synthesis to date of Japan’s passage through militarism, World War II, the American occupation, and the subsequent economic rollercoaster.

Contents

Introduction: Enduring Imprints of the Longer Past

PART 1. CRISIS OF THE TOKUGAWA REGIME
1. The Tokugawa Polity
Unification
The Tokugawa Political Settlements
The Daimyō
The Imperial Institution
The Samurai
Villagers and City-Dwellers
The Margins of the Japanese and Japan

2. Social and Economic Transformations
The Seventeenth-Century Boom
Riddles of Stagnation and Vitality

3. The Intellectual World of Late Tokugawa
Ideological Foundations of the Tokugawa Regime
Cultural Diversity and Contradictions
Reform, Critiques, and Insurgent Ideas

4. The Overthrow of the Tokugawa
The Western Powers and the Unequal Treaties
The Crumbling of Tokugawa Rule
Politics of Terror and Accommodation
Bakufu Revival, the Satsuma-Chōshū Insurgency, and Domestic Unrest

PART 2. MODERN REVOLUTION, 1868–1905
5. The Samurai Revolution
Programs of Nationalist Revolution
Political Unification and Central Bureaucracy
Eliminating the Status System
The Conscript Army
Compulsory Education
The Monarch at the Center
Building a Rich Country
Stances toward the World

6. Participation and Protest
Political Discourse and Contention
Movement for Freedom and People’s Rights
Samurai Rebellions, Peasant Uprisings, and New Religions
Participation for Women
Treaty Revision and Domestic Politics
The Meiji Constitution

7. Social, Economic, Environmental, and Cultural Transformations
Landlords and Tenants
Industrial Revolution
The Workforce and Labor Conditions
Spread of Mass and Higher Education
Culture and Religion
Affirming Japanese Identity and Destiny

8. Empire and Domestic Order
The Trajectory to Empire
Contexts of Empire, Capitalism, and Nation-Building
The Turbulent World of Diet Politics
The Era of Popular Protest
Engineering Nationalism

PART 3. IMPERIAL JAPAN FROM ASCENDANCE TO ASHES
9. Economy and Society
Wartime Boom and Postwar Bust
Landlords, Tenants, and Rural Life
City Life: Middle and Working Classes
Cultural Responses to Social Change

10. Democracy and Empire between the World Wars
The Emergence of Party Cabinets
The Structure of Parliamentary Government
Ideological Challenges
Strategies of Imperial Democratic Rule
Japan, Asia, and the Western Powers

11. The Depression Crisis and Responses
Economic and Social Crisis
Breaking the Impasse: New Departures Abroad
Toward a New Social and Economic Order
Toward a New Political Order

12. Japan in Wartime
Wider War in China
Toward Pearl Harbor
The Pacific War

NEW TO THIS EDITION

• Extensive additional discussions of topics in environmental history, including forestry and reforestation; dams and hydroelectric power; national parks, environmental protection, and exploitation in the twentieth century; the development of Hokkaido and its impact on the environment; earthquakes and tsunami; and the impact of Japanese rule on the environment in Japan’s colonies and occupied territories

• New material on the place of the monarchy in education in the prewar and postwar eras

• New perspectives on the reasons for Japan’s surrender in 1945

• Changes in employment practices since the 1980s

• An extensive revision of the final chapter, retitled “Shock, Disaster, and the End of the Heisei Era: Beyond the ‘Lost Decades’?”

July 2019    448 pp.
eBook: 978-0-19-092056-2   $27.95
loose-leaf: 978-0-19-092057-9   $41.99
paper: 978-0-19-092055-5   $54.95

July 2019    448 pp.
eBook: 978-0-19-092056-2   $27.95

paper: 978-0-19-092055-5   $54.95
Mobilizing the Nation for War
Living in the Shadow of War
Ending the War
Burdens and Legacies of War

13. Occupied Japan: New Departures and Durable Structures
Bearing the Unbearable
The American Agenda: Demilitarize and Democratize
Japanese Responses
The Reverse Course
Toward Recovery and Independence: Another Unequal Treaty?

PART 4. POSTWAR AND CONTEMPORARY JAPAN, 1952–2012

14. Economic and Social Transformations
The Postwar “Economic Miracle”
Transwar Patterns of Community, Family, School, and Work
Shared Experiences and Standardized Lifeways of the Postwar Era
Differences Enduring and Realigned
Managing Social Stability and Change
Images and Ideologies of Social Stability and Change

15. Political Struggles and Settlements of the High-Growth Era
Political Struggles
The Politics of Accommodation
Global Connections: Oil Crisis and the End of High Growth

New Roles in the World and New Tensions
Economy: Thriving through the Oil Crises
Politics: The Conservative Heyday
Society and Culture in the Exuberant Eighties

17. Japan’s “Lost Decades”: 1990s–2000s
The End of Shōwa
The Specter of a Divided Society
Economy of the first “Lost Decade”
The Fall and Rise of the Liberal Democratic Party
Assessing Reforms, Explaining Recovery
Between Asia and the West

18. Shock, Disaster, and the End of the Heisei Era: Beyond the ‘Lost Decades’?
The Lehman Shock
Politics of Hope and Disillusionment
Making Sense of the Perception of Decline
The Disasters of “3.11” and their Aftermath
Appendix 1: Remembering the Great East Japan Earthquake
Appendix 2: Prime Ministers of Japan, 1885–2012

India
Brief History of a Civilization
Second Edition
THOMAS R. TRAUTMANN, University of Michigan
2015 256 pp.

People, Places, and Power: The Story of American Democracy

Of the People
A History of the United States
Fourth Edition

MICHAEL MCGERR, Indiana University-Bloomington, JAN ELLEN LEWIS, Rutgers University, Newark, JAMES OAKES, CUNY Graduate Center, NICK CULLATHER, Indiana University-Bloomington, JEANNE BOYDSTON, University of Wisconsin-Madison, MARK SUMMERS, University of Kentucky, CAMILLA TOWNSEND, Rutgers University, and KAREN M. DUNAK, Muskingum University

Of the People: A History of the United States, Fourth Edition, does more than tell the history of America—of its people and places, of its dealings and ideals. It also unfolds the story of American democracy, carefully marking how this country’s evolution has been anything but certain, from its complex beginnings to its modern challenges. This comprehensive survey focuses on the social and political lives of people—some famous, some ordinary—revealing the compelling story of America’s democracy from an individual perspective, from across the landscapes of diverse communities, and ultimately from within the larger context of the world.

NEW TO THIS EDITION

• New features throughout: fourteen new AMERICAN PORTRAIT, five new AMERICAN LANDSCAPE, ten new AMERICA AND THE WORLD, and three new STRUGGLES FOR DEMOCRACY features
• More than thirty new primary sources
• To improve narrative flow and to better align with syllabi, the number of Gilded Age chapters has been reduced from three to two
• New and revised coverage throughout
• A revised and significantly expanded Chapter 30: “A Nation Transformed, The Twenty-First Century” (formerly the Epilogue), that covers events since 2000
• Numerous new photos

WITHE SOURCES

Volume I: To 1877 (Chapters 1–15)
WITH SOURCES 768 pp.

Volume II: Since 1865 (Chapters 15–30)
WITH SOURCES 816 pp.

LEARNING AND TEACHING RESOURCES

Enhanced Study Resources

Students who purchase a new copy of Of the People, Fourth Edition, can redeem an access code to access additional study resources, at no extra charge. Visit www.oup.com/us/oakes-mcgerr for a demo of the enhanced study resources.

Sources for Of the People (978-0-19-091014-3): Edited by Maxwell Johnson, this two-volume companion sourcebook includes approximately eighty primary sources, both textual and visual. Chapter introductions, document headnotes, and study questions provide learning support. Only $5.00 per volume when bundled with the text.

Mapping United States History: A Coloring and Exercise Book (978-0-19-092165-1): Providing both full-color reference maps and eighty outline maps, this two-volume coloring and exercise book offers students opportunities to strengthen their geographical and spatial-learning skills. FREE when bundled with the text.

“This is an excellent book. It covers topics and ideas well, branches into subjects that other books gloss over, appeals to many different groups of students, and can be used not only to teach, but to spur discussion.”

—Michael Frawley, University of Texas of the Permian Basin
**Brief Contents**

**Chapter 1. Worlds in Motion, 1450–1550**

**AMERICAN PORTRAIT:** Malinche, Cultural Translator

- The Worlds of Indian Peoples
- **AMERICAN LANDSCAPE:** Xicallanco
- The Worlds of Christopher Columbus

The first U.S. History Survey text to present U.S. History within a global context

**American Horizons**

U.S. History in a Global Context

*Third Edition*

MICHAEL SCHALLER, University of Arizona, JANETTE THOMAS GREENWOOD, Clark University, ANDREW G. KIRK, University of Nevada Las Vegas, SARAH J. PURCELL, Grinnell College, AARON SHEEHAN-DEAN, Louisiana State University, and CHRISTINA SNYDER, The Pennsylvania State University

American Horizons, Third Edition, presents the traditional narrative of U.S. history in a global context. The authors use the frequent movement of people, goods, and ideas into, out of, and within America’s borders as a framework. This unique approach provides a fully integrated global perspective that seamlessly contextualizes American events within the wider world.

Now published by Oxford University Press: A series of “case studies” of important events in American history

Constructing the American Past
A Sourcebook of a People’s History
Eighth Edition

Edited by ELLIOTT J. GORN, Loyola University at Chicago, RANDY ROBERTS, Purdue University, SUSAN SCHULTEN, University of Denver, and TERRY D. BILHARTZ, Sam Houston State University

Now published by Oxford University Press, Constructing the American Past: A Sourcebook of a People’s History, Eighth Edition, presents an innovative combination of case studies and primary source documents that allows students to discover, analyze, and construct history from the actors’ perspective.

NEW TO THIS EDITION

- New chapters (seven and twelve) in Volume One address the problems of immigration and emancipation
- Substantially revised chapters in Volume Two on World War One (seven), the Scopes Trial (nine), Great Depression (ten), the Second World War (eleven), Civil Rights (thirteen), Vietnam (fourteen), and liberalism (fifteen)
- Increased coverage of the growth of slavery and the centrality of race in chapters related to the Revolution, the Constitution, western expansion, labor, women’s experience, and the violent aftermath of the Civil War
- More inclusion of the diversity of female experience
- An expanded chapter on the Second Great Awakening explores the relationship between evangelical revivals and social reform
- New material on the Indian policies of President Andrew Jackson
- In-depth coverage of Texas Independence and the subsequent war with Mexico underscores the dilemmas brought by western expansion
- A new chapter on immigration explores the history of nativism
- A new chapter on emancipation in the Civil War demonstrates the role not just of President Lincoln, but of slaves, abolitionists, and the military
- New imagery provokes discussion and conveys the visual dimension of the past

Embracing an argument-based model for teaching history, the Debating American History series encourages students to participate in a contested, evidence-based discourse about the human past. Each book poses a question that historians debate—How democratic was the U.S. constitution? or Why did civil war erupt in the United States in 1861?—and provides abundant primary sources so that students can make their own efforts at interpreting the evidence. They can then use that analysis to construct answers to the key question that frames the debate and argue in support of their position.

TWENTIETH-CENTURY AMERICAN HISTORY

Global America
The United States in the Twentieth Century
ROBERT C. McGREEVEY, CHRISTOPHER T. FISHER, and ALAN DAWLEY, all at The College of New Jersey
Global America tells the story of how Americans were swept up in the swift-moving currents of twentieth-century world history. Drawing on the latest research on the history of the United States in the world, it demonstrates how global interactions and developments transformed both America and the world. The book weaves together such topics as social reform, the world wars, and the rise of conservatism in a way that helps readers gain a fresh understanding of America’s place in the world. It pays particular attention to themes of race, class, and gender and how each has shaped—and been shaped by—U.S. engagement with the world. In connecting U.S. and world history, Global America argues that the more America sought to change the world, the more the world changed America.

U.S. MILITARY HISTORY

Provides the most current, comprehensive, and clear yet concise survey of US military history from colonial times to the twenty-first century

In Harm’s Way
A History of the American Military Experience
GENE ALLEN SMITH, Texas Christian University, DAVID COFFEY, University of Tennessee at Martin, and KYLE LONGLEY, Arizona State University

In Harm’s Way: A History of the American Military Experience offers a fast-paced, highly readable synthesis of modern scholarship on every era of the nation’s experience in war. Authors Gene Allen Smith, David Coffey, and Kyle Longley offer a comprehensive, accurate, and nuanced account of the subject. Covering air, land, and sea power, the book provides a narrative synthesis and analysis of America’s wars and military policies from colonial times to the twenty-first century.

Each chapter discusses a different time period, exploring the significant developments that changed military thought during that period and how military operations were influenced by strategic design, tactical capability, and available technology. "Issues in Military History" sections in each chapter analyze important controversies and debates in American military history, like the role of race in the Mexican War, whether American entry in World War I was decisive, and the dropping of the atomic bomb. In Harm’s Way covers political and diplomatic challenges, social and economic changes, philosophical and ideological debates, and technological advances, but—above all—it focuses on the experiences of the American people at war.

Contents
Introduction: An American Way of War
Chapter 1: Surviving in a Wilderness, 1585–1676
- English Contact in North America
- A Foothold in America
- The Reality of Indian War
- The Militia Tradition and War
- Praying for Peace and Providential Protection
- The Pequot War
- A Rising Discontent

Chapter 2: Competing for a Continent, 1565–1763
- Prelude to Conflict
- Anglo-Dutch Wars
- Wars for North American Empire
- King George’s War
- Great War for Empire
- Global War
- An Empire on Which the Sun Never Set

Chapter 3: ‘Tis Time to Part, 1763–1776
- A Changing Relationship
- Revenue Acts
- The Boston Massacre
- Troubles over Tea
- Shots Heard Round the World
- Bunker, No, Breed’s Hill
- No More Middle Ground
- On to Canada
- Toward Independence

Chapter 4: Maintaining Independence, 1777–1782
- Struggling Toward Independence
- 1777: The Year of Decision
- 1778: Stalemate in the North
- A Suffering Army
- Struggle on the Periphery
- Breaking the Iroquois Confederation
- Spanish Conquests in the South
- A New Southern Strategy
- Treason, Pensions, and Mutinies
- The World Turned Upside Down
- King’s Mountain: Beginning of the End
- Devil of a Whipping: War of Attrition in the Carolinas
- Taking the War to Virginia
- YORKTOWN
- Winning the Peace
- The Treaty of Paris

Chapter 5: Securing the Republic, 1782–1812
- Challenges for the New Nation
- Federal Government
- First War
- Whiskey Rebellion
- Quasi-War
- Republican Ascendancy
- Barbary Pirates
- Education and Exploration
- War on the Horizon
- The War of 1812

Chapter 6: Empire of Expansion, 1810–1849
- To Conquer Without War: The Gulf South
- Reforming the Military
- Following the Setting Sun
- A Maritime Destiny
- Trailing Tears: Indian Removal
- Cherokees, Chickasaws, Choctaws, and Creeks
- Black Hawk War
- Second Seminole War
- The Lone Star Republic
- The War with Mexico

Chapter 7: Disunion, 1849–1861
- The Military at Midcentury
- The Indian Frontier
- An Imperial Navy
- The Sectional Crisis
- War
- First Fights
- Troubled Waters
- Turning Points

Chapter 8: Hard War, 1862–1865
- The Western Theater: 1862
- The Eastern Theater: 1862
- The Rise of Robert E. Lee
- The Eastern Theater: 1863
- Conscription
- The Western Theater: 1863
- Black Troops
- Prisoners of War
- Decisions
- The Eastern Theater: 1864
- The Western Theater: 1864
- “Damn the Torpedoes”: Naval Actions of 1864
- The Final Acts: 1865

Chapter 9: Reconstruction and Conquest, 1865–1890
- Unfinished Business
- Demobilization and the New Regular Army
- Reconstruction
- Expanded Role
- Technology
- The Last Indian Wars
- Professionalism

Chapter 10: Empire and Intervention, 1890–1917
- An Imperial Navy Again
- A Splendid Little War
- The Ugly War
- The Boxer Rebellion
- The Big Stick
- Punitive Expedition
- Technology
- Organization
- Separate but Not Equal

Chapter 11: The Great War and Beyond, 1917–1940
- The Great War
- The African American Experience
- Airmen
- Final Allied Offensives
- The Interwar Years
- The National Defense Act of 1920
- Retreat from Intervention
- Billy Mitchell and the Pursuit of Airmight
ENVIRONMENTAL HISTORY

Passionately argued and thought-provoking, this powerful text retells our nation’s history with nature in the foreground

Down to Earth
Nature’s Role in American History
Fourth Edition
TED STEINBERG, Case Western Reserve University

In this ambitious and provocative text, environmental historian Ted Steinberg offers a sweeping history of the United States—a history that places the environment at the very center of the narrative. Now in a new edition, Down to Earth reenvisions the story of America “from the ground up.” It reveals how focusing on plants, animals, climate, and other ecological factors can radically change the way that we think about the past. Examining such familiar topics as colonization, the industrial revolution, slavery, the Civil War, and the emergence of consumer culture, Steinberg recounts how the natural world influenced the course of human history. From the colonists’ attempts to impose order on the land to modern efforts to sell the wilderness as a consumer good, he reminds readers that many critical episodes in U.S. history were, in fact, environmental events.

NEW TO THIS EDITION

• A revised Preface more clearly articulates the major turning points in the environmental history of America
• Part One offers a revised treatment of the alienation of Indians and ordinary Euro-Americans from nature as the eighteenth century came to a close
• Updates throughout explain nature’s role in the rise of the United States as the world’s paramount power
• A substantial revision of Chapter 16 takes into account recent work in the history and theory of capitalism to explain the global ecological changes since World War II and the United States’ role in bringing them about
• An updated bibliography

American Legal History
Cases and Materials
Fifth Edition
KERMIT L. HALL, PAUL FINKELMAN,
University of Saskatchewan College of
Law, AND JAMES W. ELY, JR., Vanderbilt
University

This highly acclaimed text provides a comprehensive selection of the most important documents in American legal history, integrating the history of public and private law from America’s colonial origins to the present. Devoting special attention to the interaction of social and legal change, American Legal History: Cases and Materials, Fifth Edition, shows how legal ideas developed in tandem with specific historical events and reveals a rich legal culture unique to America.

**New to the Fifth Edition**

- A new section on the Fundamental Constitutions of South Carolina and a revised analysis of the role of Cotton Mather in the Salem Witch Trials
- Several new documents including John Winthrop’s “Reasons to be Considered for Justifying the Undertakers of the Intended Plantation in New England” (1629); the Letter of Brutus on the Courts (1788); Shorter v. The People (1848); Humber v. Morton (1968); and Florida’s “Stand Your Ground Law” (2005)
- Extensive notes and excerpts from cases on the Affordable Care Act, campaign financing (Citizens United), and voting rights (Shelby County v. Holder)
- Expanded material on gender and marriage, including excerpts from Windsor v. United States and a discussion of the demise of Defense of Marriage Act
- A brief discussion of the emerging issue of transgendered people and the law

The number one survey of American technology, from the tools used by the earliest native inhabitants to today’s technological systems

A Social History of American Technology
Second Edition
RUTH SCHWARTZ COWAN, University of Pennsylvania, and MATHEW H. HERSCH, Harvard University

A Social History of American Technology, Second Edition, tells the story of American technology from the tools used by its earliest inhabitants to the technological systems—cars and computers, aircraft and antibiotics—that we are familiar with today. Ruth Schwartz Cowan and Matthew H. Hersch demonstrate how technological change has always been closely related to social and economic development, and examine the important mutual relationships between social history and technological change.

eBook: 978-0-19-068319-1 $24.95
paper: 978-0-19-538726-1 $49.95

NEW TO THIS EDITION
• An updated discussion of the automobile, including fuel efficiency, electric vehicles, the decline of the Big Four auto companies, and climate change
• An extended examination of aerospace technology, including satellites, space shuttles, GPS, and precision-guided weapons
• An expanded examination of wireless telegraphy, radio, and television and other electronic media
• New material on information technologies, from mainframe computers to personal computers, the internet, social media and smartphones
• A new examination of twentieth-century food and drug technologies, in terms of their unintended consequences, reframed as examples of technoscience
• A new chapter on biotechnology, explaining the science of genetic modification and exploring genetically modified bacteria as drug factories and genetically modified plants as food products

HISTORY OF TEXAS

An engaging account of the Lone Star State from the arrival of humans in the Panhandle to the opening of the twenty-first century

Gone to Texas
A History of the Lone Star State
Third Edition
RANDOLPH CAMPBELL, University of North Texas

Gone to Texas: A History of the Lone Star State engagingly tells the story of the Lone Star State, from the arrival of humans in the Panhandle more than 10,000 years ago to the opening of the twenty-first century. Focusing on the state’s successive waves of immigrants, the book offers an inclusive view of the vast array of Texans who, often in conflict with each other and always in a struggle with the land, created a history and an idea of Texas. An Instructor’s Resource Manual and a set of approximately 400 PowerPoint slides to accompany Gone to Texas, Third Edition, are available to adopters.

Contents
1. The First Texans
2. Exploration and Adventure, 1519–1689
3. Spanish Texas, 1690–1779
4. Spanish Texas in the Age of Revolutions, 1779–1821
5. Mexican Texas, 1821–1835
6. The Texas Revolution, 1835–1836
7. The Republic of Texas, 1836–1846
8. Frontier Texas, 1846–1861
9. Empire State of the South, 1846–1861
10. The Civil War, 1861–1865
11. Reconstruction, 1865–1876
12. The Old West, 1877–1900
13. The New South and the Populist Revolt, 1877–1900
15. The “Prosperity Decade,” 1921–1929
16. The Great Depression and World War II, 1929–1945
20. The Texas Mystique in the Twenty-First Century

NEW TO THIS EDITION
- A thoroughly revised Chapter 19: Texas in the New Millennium, 2001–2016 now includes coverage from 2010 to 2016
- An expanded discussion of the concept of the “Texas Mystique” in the twenty-first century
- A revised and expanded select bibliography for every chapter

HISTORY METHODS/HISTORIOGRAPHY

The Information-Literate Historian
A Guide to Research for History Students
Third Edition
JENNY L. PRESNELL, Miami University of Ohio

The Information-Literate Historian: A Guide to Research for History Students is the only book specifically designed to teach today’s history students how to successfully select and use sources—primary, secondary, and electronic—to carry out and present their research. Expanded and updated, the third edition of The Information-Literate Historian continues to be an indispensable reference for historians, students, and other readers doing history research.

2018 352 pp.
eBook: 978-0-19-085150-7 $12.95
paper: 978-0-19-085149-1 $24.95

Southern Crucible
The Making of an American Region
WILLIAM A. LINK, University of Florida

2015

Combined Volume 640 pp.
paper: 978-0-19-976360-3 $59.95

Volume I: To 1877 336 pp.
paper: 978-0-19-976362-7 $32.95

Volume II: Since 1877 308 pp.
paper: 978-0-19-976363-4 $32.95

2017 528 pp.
eBook: 978-0-19-067564-6 $27.95
paper: 978-0-19-064239-6 $54.95
NEW TO THIS EDITION

• A new chapter (Chapter 8) on digital history
• A new checklist for research tracking
• An expanded discussion of how historians think historically and how that changes and influences how they structure their research and write their narratives
• A revised discussion on note-taking and paper organization, including Zotero for note-taking and bibliography
• Updated search techniques for library catalogs, going beyond subject searching and addressing discovery services and multi-database searching
• Revised searching techniques for WorldCat
• A new discussion of Hathi Trust and other large online catalogs
• New coverage of “fake news” and how to identify it, past and present
• An expanded discussion of primary sources from cultures that have strong material and oral traditions
• A new section on researching pre-civil war African American primary sources
• Revised sections on maps, Geographic Information Systems, and the interpretation and evaluation of images
• Includes new methods of presenting research and a discussion of alternative presentation software

Brief Contents

Basic Research
1. Historians and the Research Process: Getting Started
2. Reference Resources
3. Finding Monographs and Using Catalogs
5. Evaluating Your Sources
6. The Thrill of Discovery: Primary Sources
7. History and the Internet

Advanced Research Techniques for Primary Sources
8. Digital History
9. Maps: From Simple to Geographic Information Systems
10. Beyond the Written Word: Finding, Evaluating, and Using Images, Motion Pictures, and Audio
11. Statistics: Quantifying History

SURVEY OF LATIN AMERICA

Tells the story of more than 500 years of Latin American history through the themes of exploitation, inequality, and resistance

Exploitation, Inequality, and Resistance
A History of Latin America since Columbus

MARK A. BURKHOLDER, University of Missouri, St. Louis, MONICA A. RANKIN, University of Texas, Dallas, and LYMAN L. JOHNSON, University of North Carolina at Charlotte

The words “exploitation,” “inequality,” and “resistance” bind together attitudes and actions that encapsulate much of Latin America’s economic, social, and political history for more than half a millennium. In this compelling text, authors Mark A. Burkholder, Monica A. Rankin, and Lyman L. Johnson tell the story of more than 500 years of Latin American history through the themes of exploitation, inequality, and resistance.

MODERN LATIN AMERICA

A lively, interpretive text that uses case studies to discuss the major countries and themes of the region over the past 200 years

Modern Latin America
Ninth Edition

PETER H. SMITH, University of California, San Diego, JAMES N. GREEN, Brown University, and THOMAS E. SKIDMORE, Brown University

Now thoroughly updated in its ninth edition, Modern Latin America is a vivid interpretive history and a leading interdisciplinary text in the field. Featuring stimulating, anecdotal boxes, it uses case studies to discuss the primary countries and patterns of development in the region over the past 200 years. At every juncture, Peter H. Smith and James N. Green continue the impeccable scholarship of Thomas E. Skidmore. They examine such central themes as the Iberian–New World interaction, racial prejudices and policy, economic strategies, military developments, and U.S. interventionism in Latin America.

A history of modern Latin America that places it in a wider global context

Latin America in the Modern World

VIRGINIA GARRARD, University of Texas, PETER V. N. HENDERSON, Winona State University, and BRYAN McCANN, Georgetown University

Latin America in the Modern World is the first text to situate the history of Latin America within a wider global narrative. Written by leading scholars, the book focuses on five themes: state formation; the construction of national identity through popular culture and religion; economics and commodities; race, class, and gender; and the environment. Emphasizing the distinct experiences of each of the Latin American countries, the book provides students with an entry point into understanding this vital region. Instead of suggesting that all Latin American nations have an interchangeable heritage, the authors seek to clearly identify themes, topics, people, and intellectual currents that help to knit the history of modern Latin America into a coherent category of study.

While providing in-depth coverage of the history of the three largest Latin American countries (Mexico, Brazil, and Argentina), Latin America in the Modern World also offers case studies from almost all of the countries, including Central American and Andean nations.

2018 784 pp.
eBook: 978-0-19-085939-8 $19.95
loose-leaf: 978-0-19-087428-5 $29.95

Colonial Latin America

The most inclusive perspective on the daily and cultural life of colonial Latin Americans

Colonial Latin America

Tenth Edition

MARK A. BURKHOLDER, University of Missouri-St. Louis, and LYMAN L. JOHNSON, University of North Carolina at Charlotte

The tenth edition of Colonial Latin America provides a concise study of the history of the Iberian colonies in the New World and their pre-conquest background to the wars of independence in the early nineteenth century. Colonial Latin America is indispensable for students who wish to gain a deeper understanding of the fascinating and often colorful history of the cultures, the people, and the struggles that have played a part in shaping Latin America.

This unique text analyzes the impact of race, class, gender, and political economy on politics in Latin America.

**Politics of Latin America**

The Power Game

*Sixth Edition*

HARRY E. VANDEN, *University of South Florida*, and GARY PREVOST, *St. John’s University and the College of St. Benedict*

Now in its sixth edition, *Politics of Latin America: The Power Game* explores both the evolution and the current state of the political scene in Latin America. It is uniquely divided into two parts: one that treats big-picture, thematic questions, and one that focuses on particular countries through case studies of ten representative nations: Guatemala, Mexico, Cuba, Brazil, Argentina, Chile, Venezuela, Colombia, Nicaragua, and Bolivia.

**NEW TO THIS EDITION**

- Updated discussions of elections in Argentina, Brazil, Chile, Paraguay, Honduras, and Bolivia
- New and updated tables and charts, including a new chart showing the evolution of the Gini coefficient in selected countries
- Detailed analysis of the resurgence of the political right in Latin America
- A look back, assessing Obama administration policies in the region
- A look forward, examining challenges like the Trump administration and China’s increasing involvement in Latin America

**Contents**

- Introduction: Notes on Studying Politics in Latin America
- 1. An Introduction to Twenty-First Century Latin America
- 2. Early History
- 3. Democracy and Dictators: A Historical Overview from Independence to the Present Day
- 4. The Other Americans
- 5. Society, Family, and Gender
- 6. Religion in Latin America
- 7. The Political Economy of Latin America
- 8. Democracy and Authoritarianism: Latin American Political Culture
- 9. Politics, Power, Institutions, and Actors
- 10. Struggling for Change: Revolution, Social and Political Movements in Latin America
- 11. U.S.–Latin American Relations
- 12. Mexico, Nora Hamilton
- 13. Argentina, Aldo C. Vacs
- 14. Brazil, Wilber Albert Chahee
- 15. Chile, Eduardo Silva
- 16. Colombia, John C. Dugas
- 17. Venezuela, Daniel Hellinger
- 18. Bolivia, Waltraud Q. Morales
- 19. Cuba, Gary Prevost
- 20. Guatemala, Susanne Jonas
- 21. Nicaragua, Gary Prevost and Harry E. Vanden

Appendix 1. Presidential Elections
Appendix 2. Recent Legislative Elections

**LATIN AMERICAN STUDIES**

Reorients and decenters traditional ethnic and area studies approaches to Latin America by examining the recent history of Latin America from a diasporic perspective

**Global Latin(o) Americanos**

Transoceanic Diasporas and Regional Migrations

Edited by MARK OVERMYER-VELÁZQUEZ, *University of Connecticut*, and ENRIQUE SEPÚLVEDA, *University of Saint Joseph*

*Global Latin(o) Americanos* addresses and reframes a central issue of our time: the challenge of incorporating immigrants into Western societies and economies, which too often frame immigrants as “the problem.” How Latino immigrants respond and exercise agency under familiar and unfamiliar global conditions is of critical importance on several fronts, including the health of democratic societies and the diverse expressions of citizenship across the Latino diaspora. Building on the scholarship of new migratory destinations of people from Latin America and the Caribbean, *Global Latin(o) Americanos* moves toward studies of diasporic citizenship; this shift not only de-centers U.S.-dominant interpretations, but also places less emphasis on the nation–state and its economic systems as units of analysis. The book includes work by leading scholars of migration in Latin America, Asia, Europe, and the United States. It examines a wide range of intra-regional and transoceanic migratory flows and addresses critical themes from several disciplinary perspectives.

The leading textbook in its field—indispensable for students of Mexican history, politics, economics, and culture

The Course of Mexican History
Eleventh Edition

SUSAN M. DEEDS, Northern Arizona University, MICHAEL C. MEYER, University of Arizona, and WILLIAM L. SHERMAN, University of Nebraska-Lincoln

Mexico’s political, social, and economic landscapes have shifted in very striking ways in recent years and the country now moves cautiously forward, in the twenty-first century. Revised to address these remarkable transformations, The Course of Mexican History, now in its eleventh edition, offers a completely up-to-date, lively, and engaging survey from the pre-Columbian times to the present.

Contents

PART I: PRE-COLUMBIAN MEXICO
1. The First Mexicans
2. Mesoamerica’s Golden Age: The Classic Period
3. Times of Trouble: Post-Classic Mexico
4. The Rise of the Aztecs
5. Aztec Society and Culture

PART II: COLLIDING WORLDS
6. The Spanish Invasion
7. The Settlement of New Spain

PART III: LIVING IN THE VICEROYALTY
8. The Imperial System Enrenched
9. The Colonial Economy
10. The Colonial Church
11. Colonial Society; Race, Ethnicity, Class, Gender, and Identity
12. Culture and Daily Life in New Spain

PART IV: REFORM AND REACTION: THE MOVE TO INDEPENDENCE
13. The Bourbons Restructure New Spain
14. Society and Stress in the Late Colonial Period
15. The Wars for Independence
16. The First Mexican Empire

PART V: THE TRIALS OF NATIONHOOD
17. The Early Mexican Republic
18. Santa Anna, the Centralized State, and the War with the United States
19. Society and Culture in the First Half of the Nineteenth Century

2017 672 pp.
eBook: 978-0-19-085941-1 $34.95
paper: 978-0-19-065901-1 $69.95

NEW TO THIS EDITION
- Updates to the pre-Columbian chapters, including recent discoveries at the pyramids of Teotihuacan and on Maya codices (picture writing)
- New material on the Spanish conquest of Mexico and native responses to colonial rule
- Revised interpretations of Santa Anna and the US–Mexican War
- Reevaluation of the Mexican Revolution of 1910 and its aftermath
- Expanded coverage of social and cultural history throughout, including discussions of gender history, ethnic groups, local religion, cultural nationalism, environmental change, popular protests, and urban life
- Updates on recent political crises, corruption, and US–Mexican relations
- Extended analysis of border issues, including migration and narcotrafic
- Reflections and illustrations of Mexico’s rich contemporary popular culture, including film, television, music, cuisine, leisure, and sport
PART VI: LIBERALS AND CONSERVATIVES
SEARCH FOR SOMETHING BETTER
20. The Reform and the French Intervention
21. The Restored Republic: Nascent
Modernization
22. Society and Culture in the Middle
of the Nineteenth Century
PART VII: THE MODERNIZATION OF MEXICO
23. The Porfiriato: Order and Progress?
24. The Costs of Modernization?
25. Society and Culture during the Porfiriato
PART VIII: THE REVOLUTION OF 1910
26. Madero and the Liberal Indictment
of the Porfiriato

 Offers an incisive examination of one of
the great social revolutionaries of the
twentieth century

Emiliano Zapata
Mexico’s Social Revolutionary
PAUL HART, Texas State University
Combining a brisk, well-crafted narrative with
incisive analysis, Emiliano Zapata: Mexico’s
Social Revolutionary examines the life of one
of the leading figures of the Mexican Revolution
(1910–1920). An essential figure in any dis-
cussion of Latin American or Mexican history,
Zapata continues to wield great influence
throughout the region today. His advocacy of
agrarian reform and peasants’ rights, his dash-
ing lifestyle, and his assassination make him a
fascinating figure. Featuring rare photographs
of Zapata and primary sources that contextu-
alize his life, this volume in The World in a Life
series is the only contemporary text intended
for general audiences.

Conclusion
Embracing an argument-based model for teaching history, the Debating American History series encourages students to participate in a contested, evidence-based discourse about the human past. Each book poses a question that historians debate—How democratic was the U.S. constitution? or Why did civil war erupt in the United States in 1861?—and provides abundant primary sources so that students can make their own efforts at interpreting the evidence. They can then use that analysis to construct answers to the key question that frames the debate and argue in support of their position.

We live in a global age where big concepts like “globalization” often tempt us to forget the personal side of the past. The titles in *The World in a Life* series aim to revive these meaningful lives. Each one shows us what it was like to live on a world historical stage. Brief, inexpensive, and thematic, each book can be read in a week, fits within a wide range of curricula, and sheds insight into a particular place or time. Four to six short primary sources at the end of each volume sharpen the reader’s view of an individual’s impact on world history.
