Oxford University Press is a department of the University of Oxford. It furthers the University’s objective of excellence in research, scholarship, and education by publishing worldwide.
Delivering the best scholarly publishing from leading university presses around the world

University Press Scholarship Online (UPSO) brings together the best scholarly publishing from some of the most prestigious university presses around the world, including Oxford University Press. UPSO’s expansive History collection provides quick and easy access to high-quality works on a broad scope of subjects including North, Latin, and African American history.

Scholarly Research Reviews

Oxford Handbooks Online (OHO) in History brings together the world’s leading scholars to write review essays that evaluate the current thinking on a field or topic, and make an original argument about the future direction of the debate. Articles review the key issues, reveal original arguments and concepts, and set the agenda for new research. The books have become one of the most successful and cited series within scholarly publishing and the entire collection is available on OHO. Monthly updates introduce articles in advance of print publication and online-only content ensures the most current, authoritative coverage anywhere.

Quick and easy access to award-winning scholarship

The History collection on Oxford Scholarship Online (OSO) reflects the unparalleled breadth and depth of Oxford University Press’s list. OSO provides access to thousands of history titles on hundreds of topics, ranging from the American Civil War through to the 20th century.

Many of our resources are available for individual monthly and annual subscriptions. Visit www.oup.com/online for more information.
The Oxford African American Studies Center (AASC) combines the authority of carefully edited reference works with sophisticated technology to create the most comprehensive collection of scholarship available online to focus on the lives and events which have shaped African American and African history and culture. The AASC includes a vast amount of reference articles and scholarly works alongside a program of supplementary material made up of primary source documents with commentaries, searchable images and multimedia resources, as well as charts, tables and graphs, maps, timelines, and learning resources for students and teachers. This rich, dynamic resource is edited by Henry Louis Gates Jr., Director of the W. E. B. Du Bois Institute for Afro-American Research at Harvard University.

American National Biography Online
www.anb.org

The life of a nation is told by the lives of its people
Discover biographies of over 19,000 men and women — from all eras and walks of life — whose lives have shaped American history and culture from pre-colonial times to the present day. Alongside the wealth of biographies, the American National Biography Online (ANB) includes thousands of portrait illustrations based on research in partnership with the Smithsonian’s National Portrait Gallery, and highly selective lists of articles recommended by Oxford editors to help begin research journeys. The ANB also provides access to The Oxford Companion to United States History to help expand learning experiences and provide further depth and context, with entries on historic events, social movements, ideologies, and iconic sites in the United States.

**Madness in the City of Magnificent Intentions**
A History of Race and Mental Illness in the Nation’s Capital
Martin Summers, Boston College
Summers documents the history of Saint Elizabeths Hospital, a federal mental institution in Washington, DC, in relation to that city's African American community. He sheds light on the intersections of the historical process of racialization, medical and cultural understandings of insanity, the exercise of institutional power, and individual and collective agency.

**Slavery and Class in the American South**
A Generation of Slave Narrative Testimony, 1840-1865
William L. Andrews, University of North Carolina at Chapel Hill
- The most complete study of the antebellum African American slave narrative, including not just the canonical texts but dozens that have been overlooked
- The most complete study of social strata and class differentiation among the enslaved of the antebellum South
- Written by an eminent scholar of African American literature who has spent a career studying slave narratives

Slavery and Class in the American South reveals how work, family, and connections that made for socioeconomic differences among the enslaved of the South are critical components of the American slave narrative.

The Civil War Dead and American Modernity
Ian Finseth, University of North Texas

The Civil War Dead and American Modernity offers a fundamental rethinking of the cultural importance of the American Civil War dead. Tracing their representational afterlife across a massive array of historical, visual, and literary documents from 1861 to 1914, Ian Finseth maintains a massive array of historical, visual, and literary dead. Tracing their representational afterlife across the cultural importance of the Civil War and law, Finseth synthesizes important primary sources that illustrate the role that law and lawyers played in the civil war. He provides a series of engaging bibliographical portraits of the actors involved. Through a series of engaging portraits of the actors involved, Uncivil Warriors shows how a central contributing factor to the war’s legalistic character was the influence of the lawyers—making ours a civil war by lawyers, of lawyers, and in the end, for lawyers.

Reconstruction: A Concise History
Allen C. Guelzo, Gettysburg College

Guelzo is the leading authority on the Civil War, Reconstruction, and Lincoln, and three-time winner of the Lincoln Prize. He provides a new perspective on Reconstruction, showing that it did not take place only in the South but also in the West. He discusses other “reconstructions” that occurred in parallel with the political one: in philosophy, literature, law, and economy.

The Lawyers’ Civil War
Peter Charles Hoffer, University of Georgia

Offers a learned and detailed study of the relationship between the Civil War and law. He synthesizes important primary sources to show that a central contributing factor to the war’s legalistic character was the influence of the lawyers—making ours a civil war by lawyers, of lawyers, and in the end, for lawyers.

Unredeemed Land
An Environmental History of Civil War and Emancipation in the Cotton South
Erin Stewart Mauldin, University of South Florida, St. Petersburg
• Argues that ecological shifts precipitated by the Civil War shaped the economic and agricultural choices of postwar southerners
• Draws on primary source material from large slave-owning planters and landlords, small farmers, soldiers, and ex-slaves
• Reinterprets the political relationship of black Southerners, particularly postwar sharecroppers, with the landscape they farmed
Unredeemed Land examines the ways the Civil War and the emancipation of the slaves reconfigured the South’s natural landscape, revealing the environmental constraints that shaped the rural South’s transition to capitalism during the late nineteenth century.

Sweet Taste of Liberty
A True Story of Slavery and Restitution
W. Caleb McDaniel, Rice University
McDaniel’s book is an epic tale of the extraordinary life of Henrietta Wood—a formerly enslaved woman sold back into slavery, eventually freed again, and who then sued the man who had sold her back into bondage, and won.
978-0-19-084699-2 | HB | 288pp £20/$27.95

Armies of Deliverance
A New History of the Civil War
Elizabeth R. Varon, University of Virginia
• A new single-volume history of the Civil War that combines high politics and military history with social and cultural issues, written by an eminent senior scholar of the conflict
• Integrates battlefront and homefront, and the stories of politicians, soldiers, and civilians, through a chronological format
• Incorporates the voices of African Americans and women more fully than any other single-volume survey of the war
In Armies of Deliverance, Elizabeth Varon offers both a sweeping narrative of the Civil War and a bold new interpretation of Union and Confederate war aims.

NEW IN PAPERBACK

The Rivers Ran Backward
The Civil War and the Remaking of the American Middle Border
Christopher Phillips, University of Cincinnati
The Rivers Ran Backward reveals the complex history of the western border states as they struggled with questions of nationalism, racial politics, secession, neutrality, loyalty, and even place as the Civil War tore the nation, and themselves, apart. In this major work, Phillips shows that the Civil War was more than a conflict pitting the North against the South, but one within the West that permanently reshaped American regions.

John Woolman and the Government of Christ
A Colonial Quaker's Vision for the British Atlantic World

Jon R. Kershner, Lutheran University

John Woolman, a tailor, was a lay Quaker leader in religiously charged 18th century America. Led by his radical apocalyptic beliefs, Woolman encouraged social reforms and critiqued the burgeoning trans-Atlantic economy, slavery, and British imperial conflicts. Kershner argues that instead of the militant apocalypticism commonly associated with radical Christian groups, Woolman utilized Quaker and mystical sources to craft a spiritualized “apocalypse of the heart.”

Rethinking America
From Empire to Republic

John M. Murrin, Princeton University
Introduction by Andrew Shankman, Rutgers University-Camden

- An essay collection anticipated for thirty years
- Collects essays from eminent scholars that range from the most cited and influential in the past 25 years to never before published
- Murrin’s clearest statements of his seminal contribution to the field, the concept of Anglicization, are collected together for the first time

This volume brings together the seminal essays of John M. Murrin on the American Revolution, the United States Constitution, and the early American Republic. Rethinking America explains why a constitutional argument within the British Empire escalated to produce a revolutionary republic.

UK: May 2018 / US: Apr 2018

William Penn
A Life

Andrew R. Murphy, Rutgers University

- The first major biography of William Penn in decades, making full use of Penn’s complete collected papers
- Follows Penn’s life from his early days as the son of a respected naval admiral through his controversial conversion to Quakerism, including his public career advocating for religious freedom, his role in the founding of the Pennsylvania, his multiple stints in prison, and his tempestuous relationship with his own colonists
- Argues for Penn’s place as a critical proponent of religious freedom in England and the United States

In the first major biography of this important transatlantic figure in more than forty years, Andrew R. Murphy takes readers through the oftend complex life of a religious dissenter, political theorist, and social activist.

The Puritan Cosmopolis
The Law of Nations and the Early American Imagination

Nan Goodman, University of Colorado, Boulder

In The Puritan Cosmopolis, Nan Goodman demonstrates how the Puritans were far from an insular coterie that ignored the larger global community. Drawing on letters, diaries, political pamphlets, poetry, and other cultural materials, The Puritan Cosmopolis demonstrates how the Puritan population increasingly saw themselves as global citizens.

CONTACTS, COLLISIONS AND RELATIONSHIPS

Britons and Chileans in the Independence Era, 1806-1831
Andrés Baeza Ruz, Pontificia Universidad Católica de Chile
A study of the relations between Britain and Chile during the Spanish American independence era (1806-1831). It focuses on the dynamic, unpredictable and changing nature of cultural encounters to cast doubt on the assumption that imperialism was their obvious outcome and to understand further nation-building processes.

Political Community in Revolutionary Pennsylvania, 1774-1800
Kenneth Owen
University of Illinois Springfield

- Examines the nature of the American Revolution and how it laid way to the origins of modern American political practice
- Uses wealth of archival material to shed new light on political activism in revolutionary Pennsylvania
- Illustrates the importance of popular politics and democratic political practice in the establishment of the American federal system of government

This book challenges prevailing histories of the American Revolution, which place undue focus on political elites, and argues that it was ordinary citizens who cared most about the establishment of a proper, representative, publicly legitimate political process.

Charles I’s Killers in America
The Lives and Afterlives of Edward Whalley and William Goffe
Matthew Jenkinson
New College, Oxford

- The story of Charles I’s killers, as they fled to America upon the Restoration in 1660
- The first full-length reinterpretation of the regicides, overturning an historical orthodoxy that has persisted for three centuries
- Looks at their lives as fugitives, and the extent to which they were on the run from a supposedly unremitting Charles II

After the Restoration the men who signed Charles I’s death warrant fled to New England, becoming folk heroes for America’s earliest historians and novelists. This is the story of the lives and afterlives of these regicides, and the truth behind the attempts by King Charles I’s government to bring the ‘king-killers’ to justice.

American States of Nature
The Origins of Independence, 1761-1775
Mark Somos
Sussex Law School

American States of Nature transforms our understanding of the American Revolution and the early makings of the Constitution. Surveying thousands of texts produced between 1761 and 1775, including hundreds of archival discoveries, this book shows that the state of nature was among the most crucial revolutionary concepts. The founding generation drew not only on English sources, such as Hobbes and Locke, but also on Grotius, Pufendorf, Rousseau, Vattel, and others, to develop an original and distinct American view of the state of nature.

E Pluribus Unum
How the Common Law Helped Unify and Liberate Colonial America, 1607-1776
William E. Nelson
New York University

In E Pluribus Unum, eminent legal historian William E. Nelson shows that the colonies’ gradual embrace of the common law was instrumental to the establishment of the United States. He traces how the diverse legal orders of Britain’s thirteen colonies gradually evolved into one system, adding to our understanding of how law impacted governance in the colonial era and beyond.

Great Power Rising
Theodore Roosevelt and the Politics of U.S. Foreign Policy
John M. Thompson
ETH Zurich
• First book on the politics of Theodore Roosevelt’s foreign policy
• Examines the entirety of Roosevelt’s career, not just his presidency
• Analyzes the role of domestic politics in US engagement with the world in the late nineteenth through early twentieth centuries
Widely lauded as one of the great foreign policy presidents, Theodore Roosevelt thrived in spite of a challenging domestic political landscape. He did so, argues Great Power Rising, by combining an inspiring vision for national greatness, faith in the people and the U.S. system, political dexterity, and skilled leadership.

The Politics of Peace
A Global Cold War History
Petra Goedde
Temple University
• Focuses on peace movements, rather than war, during the Cold War era
• Highlights the movement of ideas and people across the ideological divide between East and West and reveals the transnational networks that challenged and eventually undermined the cold war order
• Emphasizes the interplay between governmental and non-governmental actors both within and across national boundaries
A study of the emerging politics of peace, both as an ideal and as a pragmatic aspect of international relations during the early Cold War, this book argues that a transnational politics of peace emerged through the dynamic interaction among three global actors: Cold War states, peace advocacy groups, and anti-colonial liberationists.

Empires of the Senses
Bodily Encounters in Imperial India and the Philippines
Andrew J. Rotters
Colgate University
• Offers an innovative approach to imperial history by analyzing the senses in the relationship between colonizers and colonized
• Presents a deeply researched study of two empires by a senior scholar
• Based on archival research in four countries

A deeply researched study, this book offers the first sensory history of the British empire in India and the United States in the Philippines, reflecting on how senses structured the colonizers’ perception of the colonized (and vice versa) and impacted the British and American imperial projects.

The Land Speaks
New Voices at the Intersection of Oral and Environmental History
Edited by Debbie Lee, Washington State University, and Kathryn Newfront, University of Kentucky

• Captures the voice of the land through oral history, offering a new interpretation of environmental history
• Presents oral history as a tool for problem-solving
• Engages pressing current issues such as climate change and water pollution

The Land Speaks explores the intersections of two vibrant fields, oral history and environmental studies. The fourteen oral histories collected here range from North America, examining wilderness and cities, farms and forests, rivers and arid lands. The contributors argue that oral history can capture communication from nature and provide tools for environmental problem solving.

Orca
How We Came to Know and Love the Ocean’s Greatest Predator
Jason M. Colby, University of Victoria

• Argues that the capture and display of orcas helped transform the environmental politics of the Pacific Northwest and beyond
• Shows how the captivity industry, now criticized as the enemy of orcas, helped generate the public affection and scientific study of killer whales and other cetaceans
• Discusses the ongoing debate over dolphin/whale captivity and the future of SeaWorld and the oceanarium industry

Orcas are the most controversial display animal in history. But how did we come to care about them in the first place? Drawing upon previously unavailable documents and interviews, this book explores our love affair with killer whales, and its impact on science, the marine park industry, and modern environmentalism.

Nature Behind Barbed Wire
An Environmental History of the Japanese American Incarceration
Connie Y. Chiang, Bowdoin College

• Puts the environment of the internment camps at the center of the interpretation of Japanese Americans’ wartime experiences
• Narrows the experiences of those interned in the camps, as well as those administering them in the federal government
• Presents Japanese Americans’ interaction with the environment before and after incarceration, as well as the years in the camps

Nature Behind Barbed Wire uses an environmental lens to reinterpret the forced removal and confinement of Japanese Americans during World War II.

The Global Present and Long-term History
Edited by Gunnel Cederlöf, Linnaeus University, and Mahesh Rangarajan, Ashoka University

With research covering countries from Asia, Africa, and Australia, the authors come together to ask how and why human impacts on nature have grown in scale and pace from a long pre-history. The chapters in this volume illuminate specific patterns and responses across time, going beyond an overt centring of the European experience. The tapestry of life and the human experience. The tapestry of life and the human

NEW EDITION

Down to Earth
Nature’s Role in American History
Fourth Edition
Ted Steinberg, Case Western Reserve University

In this ambitious and provocative text, environmental historian Ted Steinberg offers a sweeping history of the United States—a history that places the environment at the very center of the narrative. Now in a new edition, Down to Earth reimagines the story of America “from the ground up.” It reveals how focusing on plants, animals, climate, and other ecological factors can radically change the way that we think about the past. Examining such familiar topics as colonization, the industrial revolution, slavery, the Civil War, and the emergence of consumer culture, Steinberg recounts how the natural world influenced the course of human history.

NEW IN PAPERBACK

**A Temperate Empire**

Making Climate Change in Early America
Anya Zilberstein, Cornell University

A *Temperate Empire* explores how early North American settlers understood the widespread process of climate warming and tried to remake local climates through colonial settlement and economic development.

**Irish Nationalists in America**

The Politics of Exile, 1798–1998
David Brundage, University of California, Santa Cruz

In this important and insightful work, David Brundage tells a dramatic story of more than two hundred years of American activism in the cause of Ireland, from the 1798 Irish rebellion to the 1998 Good Friday Agreement. This is a work that will transform our understanding of the experience of one of America’s largest immigrant groups and of the phenomenon of diasporic or “long-distance” nationalism more generally.

**The Chinese Lady**

Afong Moy in Early America
Nancy E. Davis, National Museum of American History, Smithsonian Institution

• The first biography of Afong Moy, the first known Chinese woman on American soil
• Explores how the persona of Afong Moy shaped American perceptions of China and the East
• Describes how everyday Chinese goods were brought to America by little known merchants

In 1834, a Chinese woman named Afong Moy arrived in America as both a prized guest and an advertisement for a merchant firm—a promotional curiosity with bound feet and a celebrity used to peddle exotic wares from the East. This first biography of Afong Moy explores how the shaped Americans’ impressions of China, while living as a stranger in a foreign land.

**Refuge Beyond Reach**

How Rich Democracies Repel Asylum Seekers
David Scott FitzGerald, University of California, San Diego

Why do people seeking asylum often break immigration laws? *Refuge Beyond Reach* shows how rich democracies deliberately and systematically shut down most legal paths to safety. An architecture of repulsion in the air, at sea, and on land keeps most refugees far away from places where they can ask for sanctuary.

NEW IN PAPERBACK

**The Sea Around Us**

Rachel Carson

Published in 1951, *The Sea Around Us* is one of the most remarkably successful books ever written about the natural world. Anyone who loves the sea, or who is concerned about our natural environment, will want to read, or re-read, this classic work.

**Redeeming La Raza**

Transborder Modernity, Race, Respectability, and Rights
Gabriela González, University of Texas at San Antonio

• Presents a history of Mexican-American transborder activism in the United States well before the Chicano movement
• Shows how political activists in Texas intellectually, materially, and culturally uplifted members of their race while nurturing a sense of ethnic pride and unity
• Shows how Mexican women created a maternal feminism and challenged patriarchal structures

The economic modernization of the American Southwest and Mexico transformed the lives of ethnic Mexicans, subjecting them to economic exploitation and racism. *Redeeming La Raza* analyzes how political activists, using multiple strategies, challenged white supremacy, seeking to instill in ethnic Mexicans a sense of ethnic pride and unity.

**Irish Nationalists in America**

The Politics of Exile, 1798–1998
David Brundage, University of California, Santa Cruz

In this important and insightful work, David Brundage tells a dramatic story of more than two hundred years of American activism in the cause of Ireland, from the 1798 Irish rebellion to the 1998 Good Friday Agreement. This is a work that will transform our understanding of the experience of one of America’s largest immigrant groups and of the phenomenon of diasporic or “long-distance” nationalism more generally.

Between the Ottomans and the Entente
The First World War in the Syrian and Lebanese Diaspora, 1908-1925
Stacy D. Fahrenthold, University of California, Davis

Between the Ottomans and the Entente presents a social history of World War I in the Syrian and Lebanese diaspora in North and South America. Working from the passports, petitions, and propaganda written by migrant activists, it documents Ottoman and French imperial projects to claim Syrian migrants for state-building and highlights nationalist resistance from abroad.

Expelling the Poor
Atlantic Seaboard States and the Nineteenth-Century Origins of American Immigration Policy
Hidetaka Hirota, Waseda University

Expelling the Poor argues that immigration policies in nineteenth-century New York and Massachusetts, driven by cultural prejudice against the Irish and more fundamentally by economic concerns about their poverty, laid the foundations for American immigration control.

The Complete American Constitutionalism, Volume Five, Part I

Mark A. Graber, University of Maryland, Francis King Carey School of Law, and Howard Gillman, University of California, Irvine

This first part to Volume Five of the series covers: The Constitution of the Confederate States. The authors offer a comprehensive analysis of the constitution of the Confederate States during the American Civil War. They provide the various speeches, ordinances and declarations, cases, and a host of other sources accompanied by detailed historical commentary.

Carl Schmitt’s State and Constitutional Theory

A Critical Analysis

Benjamin A. Schupmann, Yale-NUS

Schupmann appraises Schmitt’s constitutional theory and examines how it was conceived in response to the Weimar Germany’s legitimacy crisis. Schmitt’s normative theory of constrained democracy offers a novel way to understand the legitimacy of liberal democracy and the limits of constitutional change, and is today more relevant than ever.

The Georgia State Constitution

SECOND EDITION

Melvin B. Hill, Jr., University of Georgia, and G. LaVerne Williamson Hill, Georgia Gwinnett College

In The Georgia State Constitution, the authors offer a detailed description of the creation and development of Georgia’s constitution. They explain how political and cultural events, from colonial times, through the Civil War, to the present, have affected Georgia’s constitutional law. This volume includes updates to all constitutional amendments ratified through the 2016 general election and provides a bibliographical essay, featuring the most important sources of Georgia’s constitutional history and constitutional law.

The Common Law in Colonial America

Volume IV: Law and the Constitution on the Eve of Independence, 1735-1776

William E. Nelson, New York University

After concluding that the mid-eighteenth-century colonial legal system usually functioned effectively, this book focuses on constitutional events leading to the American Revolution, showing how lawyers used ideology in the interests of their clients and became revolutionary leaders. Ideology thus served to protect institutional structures and socio-economic interests.

Impeachment
What Everyone Needs to Know®
Michael J. Gerhardt
University of North Carolina School of Law, Chapel Hill
• Offers a balanced and accessible look at the history, practice, and current implications of federal impeachment
• Features an analysis of President Trump’s actions and the possibility that they could result in impeachment
• The author, a leading authority on constitutional law, was the only joint witness in the impeachment proceedings against President Clinton
Written in a lively Q&A format, Impeachment: What Everyone Needs to Know® offers a comprehensive and balanced look at the origins, history, and practice of federal impeachment.

Law in American History, Volume III
1930-2000
G. Edward White, University of Virginia
In Law in American History, Volume III: 1930-2000, G. Edward White argues that the modern era of constitutional law began in the 1930s and demonstrates how we are still living with changes in foreign policy, executive power, criminal procedure, and the rights of speech, sexuality, and voting, among other areas.

The President and Immigration Law
Adam B. Cox, New York University Law School, and Cristina M. Rodríguez, Yale Law School
The President and Immigration Law reveals how the President has become our immigration policy-maker-in-chief. By deciding how to enforce the law, administrations shape the polity, sometimes clashing with Congress. Rather than lament this dynamic as distorting the Constitution, the authors demonstrate how it can advance the law’s legitimacy and outline political principles and institutional devices to curb potential abuses.

**MILITARY HISTORY**

**PIVOTAL MOMENTS IN AMERICAN HISTORY**

**NEW IN PAPERBACK**

**Braddock's Defeat**
*The Battle of the Monongahela and the Road to Revolution*
David L. Preston, The Citadel

David Preston's gripping and immersive account of Braddock's Defeat, also known as the Battle of the Monongahela, is the most authoritative ever written. Using untapped sources and collections, Preston offers a reinterpretation of Braddock's Expedition in 1754 and 1755, one that does full justice to its remarkable achievements. It is an account of the July 1755 defeat of British troops to French and Native American forces, testing ground for the American Revolution.

*Pivotal Moments in American History*

**NEW IN PAPERBACK**

**Love and Death in the Great War**
*Vietnam, 1968, and the Descent into Darkness*
Howard Jones, University of Alabama

Compelling, comprehensive, and haunting, based on both exhaustive archival research and extensive interviews, Howard Jones's *My Lai* will stand as the definitive book on one of the most devastating events in American military history—the My Lai massacre in Vietnam and its aftermath.

*Pivotal Moments in American History*

**NEW IN PAPERBACK**

**Aerial Warfare**
*The Battle for the Skies*
Frank Ledwidge, Royal Air Force College, Cranwell

Aerial warfare has dominated western war-making for over 100 years, and despite regular announcements of its demise, it shows no sign of becoming obsolete. Frank Ledwidge offers a sweeping global history of aerial warfare, introducing the major battles, crises, and controversies where air power has taken centre stage.

**NEW IN PAPERBACK**

**Commitment and Sacrifice**
*Personal Diaries from the Great War*
Marilyn Shevin-Coetzee and Frans Coetzee

This book presents six recently discovered diaries, almost all of which are previously unpublished. It provides an intimate look at how ordinary soldiers and civilians from five countries experienced and reflected upon the physical and psychological strains of the First World War.

**NEW IN PAPERBACK**

**1777**
*Tipping Point at Saratoga*
Dean Snow, Penn State University

1777 provides a detailed narrative of the thirty-three days of the Saratoga campaign. Utilizing historical archaeology and the words of the men and women that served in both armies, Snow tells the stories of the people, both the famous and the anonymous, who endured or died in the two battles that tipped the balance of the American War of Independence.

**NEW IN PAPERBACK**

**PARTNER PUBLISHER**

**The United States and the Iranian Nuclear Programme**
*A Critical History*
Steven Hurst, Manchester Metropolitan University

Steven Hurst traces the development of the Iranian nuclear weapon crisis across its historical context: from the conception of Iran's nuclear programme under the Shah to the signing of the Joint Comprehensive Plan of Action in 2015.

World War II at Sea
A Global History
Craig L. Symonds, U.S. Naval War College
- Offers the first truly global narrative account of the maritime history of World War II
- Presents a cohesive chronology of the world's navies, from the London Conference of 1930 to the surrender in Tokyo Bay in 1945
- Contains over 100 photographs and 23 maps

Choosing War
Presidential Decisions in the Maine, Lustania, and Panay Incidents
Douglas Carl Peifer, US War College
- This book provides the first comparative analysis of how different presidents have reacted to major international naval incidents. By examining the Maine incident, the Lustania crisis, and the Panay incident, Douglas Carl Peifer provides an essential instrument to deal with the growing threats of a new naval crisis.

The American Military
A Concise History
Joseph T. Glatthaar, University of North Carolina, Chapel Hill
- A vivid and insightful overview of the American military experience throughout the nation’s history
- Explains the impact of mechanization and technology on warfare and American overreliance on it
- Discusses current military developments in the Middle East and reflects on the U.S. inability to comprehend the limits of its military power

Fly Until You Die
An Oral History of Hmong Pilots in the Vietnam War
Chia Youyee Vang, University of Wisconsin-Milwaukee
- Offers the first truly global narrative account of the maritime history of World War II
- Provides an essential instrument to deal with the growing threats of a new naval crisis.

Does Terrorism Work?
A History
Richard English, Queen’s University Belfast
- Terrorism is one of the most significant security threats that we face in the twenty-first century. Does terrorism actually work? And if so, then how? One of the world’s leading experts on terrorism addresses these vital questions—ones which have, until now, remained remarkably under-scrutinized.

NEW IN PAPERBACK
Implacable Foes
War in the Pacific, 1944-1945
Waldo Heinrichs, San Diego State University, and Marc Gallicchio, Villanova University
- In Implacable Foes award-winning historians Waldo Heinrichs and Marc Gallicchio offer a full account and a provocative re-examination of the last year of World War II in the Pacific. The result is a masterful work of military history, one that illuminates both the calculus of global war and the incalculable part played by individual sacrifice.
Guided by the Mountains
Navajo Political Philosophy and Governance
Michael Lerma.
Northern Arizona University
Guided by the Mountains looks at the tensions between Indigenous political philosophy and the challenges faced by Indigenous nations in building political institutions that address contemporary problems and enact “good governance.”

Who Belongs?
Race, Resources, and Tribal Citizenship in the Native South
Mikaela M. Adams.
University of Mississippi
Who belongs? tells the story of how in the late nineteenth and twentieth centuries, despite economic hardships and assimilationist pressures, six southern tribes insisted on their political identity as citizens of tribal nations and constructed tribally-specific citizenship criteria to establish legal identity that went beyond the dominant society’s racial definitions of “Indian.”

Inside the Clinton White House
An Oral History
Russell L. Riley
University of Virginia
- An authoritative inside account of the Clinton presidency
- Drawn from over 400 hours of candid conversations with members of President Clinton's cabinet and other close colleagues, including Madeleine Albright, Leon Panetta, William Galston, and Tony Lake
- Sheds new light on the role of Hillary Clinton in the health care reform effort of 1993
Inside the Clinton White House uses never-before-seen interviews with Bill Clinton's administration and colleagues to provide a nuanced look at politics and life during the 42nd presidency.

Edward M. Kennedy
An Oral History
Barbara A. Perry
University of Virginia
- First book based solely on Edward Kennedy's definitive oral history
- Presents the complete record of his released interviews
- Provides insights from his family members, colleagues, allies, adversaries, and friends
Based on a complete oral history of the "lion of the Senate," this book presents the compelling story of Edward Kennedy's unexpected rise to become one of the most consequential legislators in American history and a passionate defender of progressive values.

Henry Clay
The Man Who Would Be President
James C. Klotter
Georgetown College (KY)
- First full, focused study of Clay's five runs for the presidency
- Studies Clay's views on slavery and how they affected his career
- Previously unused sources emphasize the influence of Kentucky on Clay's career in new depth
Charismatic, charming, and one of the best orators of his era, Henry Clay achieved success at many levels. Yet Clay still saw presidential greatness remain a fingertip away. Why? This book uses new sources to provide a focused, nuanced description of Clay's programs and politics and to explain why the man they called "The Great Rejected" never won the presidency but did win the accolades of history.

Building a Business of Politics
The Rise of Political Consulting and the Transformation of American Democracy
Adam Sheingate
Johns Hopkins University
Today, politics is big business. In Building a Business of Politics, a lively history of political consulting, Adam Sheingate examines the origins of the industry and its consequences for American democracy. He traces the history of political consultants from its origins in the publicity experts and pollsters of the 1920s and 1930s to the strategists and media specialists of the 1970s who transformed political campaigns into a highly profitable business.

NEW IN PAPERBACK
Woodrow Wilson
Ruling Elder, Spiritual President
Barry Hankins
Baylor University
Woodrow Wilson was easily one of the most religious presidents in American history. Yet, his religion has puzzled historians for decades. This book tells the story of Wilson's religion as he moved from the Calvinist orthodoxy of his youth to a progressive, spiritualized religion short on doctrine and long on morality.

Constructing Presidential Legacy
How we Remember the American President
Edited by Michael Patrick Cullinane and Sylvia Ellis, both at the University of Roehampton
In Constructing Presidential Legacy, world-leading experts take a multi-disciplinary approach to explore how presidents are remembered. They look at multiple presidents, including Washington, Jefferson, Lincoln, the Roosevelts, Kennedy, Lyndon Johnson, Eisenhower, Reagan, Obama and Trump. Discover how presidential legacies are constructed during and after their time in the Whitehouse, and how they are portrayed in media such as film, museums, public art, political invocations, pop culture, literature and evolving technological advancements.

John Quincy Adams and the Politics of Slavery
Selections from the Diary
David Waldstreicher, The Graduate Center, CUNY, and Matthew Mason, Brigham Young University
John Quincy Adams and the Politics of Slavery offers an unusual perspective on the dramatic and shifting politics of slavery in the early republic, as it moved from the margins to the center of public life and from the shadows to the substance of Adams’s politics. The editors provide a lucid introduction to the collection as a whole and frame the individual entries from Adams’s lifelong diary with brief and engaging insights, rendering both his life and the controversies over slavery into a mutually illuminating narrative.

AMERICAN HISTORY ONLINE PRODUCTS FROM OXFORD UNIVERSITY PRESS

Cowboy Christians
Marie W. Dallam
University of Oklahoma
• First book-length treatment of the cowboy church
• Based on extensive fieldwork conducted over a five year period
• Draws on in-depth interviews with important cowboy church leaders
This book examines the long history of cowboy Christians in the American West, focusing on the cowboy church movement of the present day and closely related ministries in racetrack and rodeo settings.
Union Made
Heath W. Carter
Valparaiso University
In Union Made, Heath W. Carter advances a bold reinterpretation of the origins of American Social Christianity. While historians have often attributed the rise of the Social Gospel to middle-class ministers, seminary professors, and social reformers, this book tells a new story in which a little known cast of working-class believers take center stage.

Fundamentalist U
Keeping the Faith in American Higher Education
Adam Laats
Binghamton University
Adam Laats offers a provocative and definitive new history of conservative evangelical colleges and universities, institutions that have played a decisive role in American politics, culture, and religion. This book looks unflinchingly at the issues that have defined these schools, including their complicated legacy of conservative theology and social activism.

Blessed
A History of the American Prosperity Gospel
Kate Bowler
Duke Divinity School
Kate Bowler’s Blessed represents the first attempt to examine the twentieth-century American prosperity gospel movement as a whole, seeking to introduce readers to its major figures and features. This includes its continuing pursuit of divine wealth as believers look to their bank accounts for proof of their spiritual progress, and divine health as believers use their bodies as barometers of faith.

Houses Divided
Evangelical Schisms and the Crisis of the Union in Missouri
Lucas P. Volkman
Missouri Area Community College
Focusing on the slaveholding border state of Missouri, Houses Divided shows that congregational and local denominational schisms, which arose initially over the moral question of African-American bondage, played a central role in sectionalism, Civil War, and Reconstruction.

Skepticism and American Faith
From the Revolution to the Civil War
Christopher Grasso,
College of William and Mary
- Discusses broad swath of US history, from the nation's founding through the Civil War, and believers and unbelievers in God
- Examines the lives of fascinating individuals, revealing new dimensions of familiar characters and introducing unfamiliar ones
- Draws on hundreds of published and unpublished sources, some little known

Between the Revolution and the Civil War, the dialogue of religious skepticism and faith profoundly shaped America. Although usually rendered nearly invisible, skepticism touched — and sometimes transformed — more lives than might be expected from standard accounts. This book examines Americans wrestling with faith and doubt as they tried to make sense of their world.

The Year of Our Lord 1943
Christian Humanism in an Age of Crisis
Alan Jacobs,
Baylor University
- Makes previously unseen connections between the ideas of five major Christian intellectuals in WWl — T. S. Eliot, C. S. Lewis, W. H. Auden, Simone Weil, and Jacques Maritain
- Argues that the Allies' success led these intellectuals to worry for the future of Western democracies
- Suggests how to understand their fears of technocracy in regard to the modern world

Baptists in America
A History
Thomas S. Kidd and Barry Hankins,
both at Baylor University
Weaving the threads of Baptist history alongside those of American history, Thomas S. Kidd and Barry Hankins illustrate the remarkable story of how one religious denomination was transformed from a persecuted minority into a leading actor on the fringes of American culture to the medical and booming industries widely said to improve mental and physical health, and booming industries have emerged to teach them as secular techniques. Mindfulness and yoga are this movement is typically traced to the 1970s, but in reality it began a century earlier. Mind Cure traces the process by which practices like meditation, mindfulness, and yoga moved from the religious fringes of American culture to the medical and psychological mainstream, revealing previously overlooked connections of Buddhist, Hindu, medical, African American, and women's history in America.

Sister Saints
Mormon Women since the End of Polygamy
Colleen McDannell,
University of Utah
Sister Saints offers a sweeping history of modern Mormon women—a story that is much more complex than stereotypes suggest. Colleen McDannell shows, with keen insight and narrative flair, that Mormon women have long been critically important in creating, maintaining, and transforming their faith.

**Household Gods**
The Religious Lives of the Adams Family

Sara Georgini

- Explores the religious lives of early America’s most famous first family
- Multigenerational saga of how faith shapes presidential thought and American culture
- Draws from extensive archival sources in recounting 300 years of Adams family history

Household Gods is the 300-year story of religious exploration and discovery, as told by early America’s first family, the Adameses of Massachusetts, as they navigate faith and doubt in the growing nation—and beyond.

**Black Samson**
The Untold Story of an American Icon

Nyasha Junior, Jeremy Schipper

Leading biblical scholars tell the story of how Samson, a controversial biblical character, became a celebrated icon in African American literature and how Black Samson was used to address race in America. As this provocative book reveals, the story of Black Samson became the story of our nation’s contested racial history.

Irish vs. Yankees: A Social History of the Boston Schools
James W. Sanders
College of Staten Island, City University of New York
• Presents an unbiased and fresh approach to the history of education and Catholicism in Boston
• Questions the belief that Boston led the way in the development of Roman Catholic education in the United States
• Undermines the assumption that the Catholic hierarchy determined religious educational policy
In Irish vs. Yankees, James W. Sanders considers the interplay of social forces in the nineteenth and early twentieth centuries that led to the political rise of the Irish Catholic over the native Brahmin and the way this development shaped Boston’s school system.

Public vs. Private: The Early History of School Choice in America
Robert N. Gross
Sidwell Friends School
Americans choose from a dizzying array of schools, loosely categorized as “public” and “private.” How did these distinctions emerge, and what do they tell us about the relationship in the United States between public authority and private enterprise? Challenged by the rise of Catholic and other parochial schools in the nineteenth century, states sought to protect the public school monopoly through regulation. Ultimately, however, Robert N. Gross shows how the public policies that resulted produced a stable framework into which a dizzying array of schools could develop.

Halal Food
A History
Febe Armanios, Middlebury College, and Boğaz Ergene, University of Vermont
- The first introductory text on halal food for audiences in food studies, religion, and history
- Explores the most relevant topics related to halal food, including its legal roots, discussions over meat and intoxicants, debates over contemporary regulations and food manufacturing, and explorations of halal’s current meanings in ethical and culinary terms
- Based on a range of textual sources, across geographic regions and history
An overview of the historical and legal roots of halal (permissible) and haram (impermissible) foods in the Islamic tradition and how these are viewed in societies today.

Object Lessons
How Nineteenth-Century Americans Learned to Make Sense of the Material World
Sarah Anne Carter, Chipstone Foundation
- Tells the story of the object lesson, the first teacher-driven educational fad
- Places the object lesson within the context of nineteenth-century American cultural and intellectual life, providing insight into the major issues of the time
- Features fifty-six images and a full-color insert
Object Lessons: How Nineteenth-Century Americans Learned to Make Sense of the Material World examines the ways material things—objects and pictures—were used to reason about issues of morality, race, citizenship, and capitalism, as well as reality and representation, in the nineteenth-century United States.

King Edward VIII
An American Life
Ted Powell, Former Fellow and Director, University of Cambridge
- Provides a significant new interpretation of the life and reign of this controversial king
- Sets Edward VIII in the context of Anglo-American relations in the twentieth century
- Moves away from the traditional Anglo-centric view of Edward VIII
Before he fell in love with Wallis Simpson, Edward VIII had fallen in love with America. Edward’s fascination with America was not unrequited. America was equally fascinated by the Prince, especially his love life, and he became an international media celebrity through newspapers, radio, and the press.

The Sound of a Superpower
Musical Americanism and the Cold War
Emily Abrams Ansari, Western University
After two decades of remarkable success, the quest to create a uniquely American classical music faltered in the 1950s. Many blamed the Cold War for its demise, but the conflict also brought Americanist composers unprecedented opportunities. This book examines this complex picture and its long-term effects.

Strength Through Peace
How Demilitarization Led to Peace and Happiness in Costa Rica, and What the Rest of the World can Learn From a Tiny, Tropical Nation
Judith Eve Lipton and David P. Barash

Costa Rica is the only fully demilitarized, completely independent country in the world. Through good luck, good leadership, and good decisions, Costa Rica has become arguably the sanest and most progressive country on earth. This book examines how and why Costa Rica is safe and independent without any military at all, and what the rest of us can learn from its success.

Motor City Music
A Detroiter Looks Back
Mark Slobin
Wesleyan University

• First book to look at musical life in a city across all genres and styles
• Sweeping survey of classical, African American, Jewish, European ethnic, and southern white musical life in a crucial time period for American music history
• Innovatively blends interviews and archival sources to make a composite portrait of a great city

Author Mark Slobin begins with a reflection on his life growing up in Detroit, stresses public-school music, surveys neighborhood musical life, and covers industry, labor, the counterculture, media, and the record industry, including Motown.

Making Music American
1917 and the Transformation of Culture
E. Douglas Bomberger
Elizabethtown College

The year 1917 was unlike any other in American history, or in the history of American music. The United States entered World War I, jazz burst onto the national scene, and the German musicians who dominated classical music were forced from the stage. In this unsettled time, no one was safe from suspicion, but America’s passion for music made the rewards high for those who could balance musical skill with diplomatic savvy.

Mothers of Massive Resistance
White Women and the Politics of White Supremacy
Elizabeth Gillespie McRae, Western Carolina University
- Addresses the central role white women played in the crafting of white supremacist politics
- Argues for the feminine roots of modern conservatism, a political movement so often talked about in masculinist terms
- Looks at the work of maintaining segregation across five decades, not just after Brown v. Board of Education
Mothers of Massive Resistance tells the story of how white women shaped racial segregation in the South and postwar conservatism across the nation. Through their work in social welfare, public education, partisan politics, and culture, they created a massive resistance that spanned five decades, and continues to mobilize local communities and survive legislative defeat.

Let the People See
The Story of Emmett Till
Elliott J. Gorn, Loyola University
- A deep investigation of the Emmett Till story using new evidence and a broadened historical context
- Examines shifting American attitudes towards race since 1955
- A timely look at the interaction between race and the media
Elliott J. Gorn does full justice to both Emmett and the Till Case—the boy and the symbol—and shows how and why their intersection illuminates a number of crossroads: of north and south, black and white, city and country, industrialization and agriculture, rich and poor, childhood and adulthood. This is the best book ever written on Emmett Till.

A Dream of the Future
Race, Empire, and Modernity at the Atlanta and Nashville World's Fairs
Nathan Cardon, University of Birmingham
The Atlanta and Nashville world's fairs provided a local, national, and global stage for Southerners to prove how the South had embraced a rapidly changing world. As Nathan Cardon explores in A Dream of the Future, Southerners presented themselves as modern and imperial citizens ready to spread the South's culture and racial politics across the globe.

Hanging Bridge
Racial Violence and America's Civil Rights Century
Jason Morgan Ward, Mississippi State University
Spanning three generations, Hanging Bridge reveals what happened in Clarke County, Mississippi in 1919 and 1942, when two horrific lynchings took place. The first of four young people, including a pregnant woman and the second, of two teenaged boys accused of harassing a white girl.

The Land Shall Be Deluged in Blood
A New History of the Nat Turner Revolt
Patrick H. Breen, Providence College
An original reinterpretation of the Nat Turner revolt, The Land Shall Be Deluged in Blood retells the story of how slave rebels challenged the slaveholders’ authority in Southampton, Virginia. Paying careful attention to the dynamics among slaves and free, it reveals something surprising about both the fragility and power of slavery.
**Prohibition**
*A Concise History*

W. J. Rorabaugh
University of Washington

- A short and engaging synthesis of Prohibition that illuminates its deep impact on American history, culture, and law from the 1920s to the present
- Links Prohibition both to antecedents and to the aftermath, tracing the origins of Prohibition back to the evangelical-based voluntary abstinence temperance movement in the early 1800s
- Makes clear that public support for Prohibition collapsed due to gangster violence and the need for local, state, and federal government alcohol revenue during the Great Depression

In this elegant and accessible introduction, W. J. Rorabaugh, the leading historian of American drinking patterns, explains how and why Prohibition came about, how it worked (and failed to work), and how it gave way to strict governmental regulation of alcohol.

**Little Cold Warriors**
*American Childhood in the 1950s*

Victoria M. Grieve
Utah State University

- Examines the role of children in twentieth century war and politics
- Bridges the gap between childhood studies, Cold War history, and cultural studies
- Highlights the importance of children as historical actors

Nostalgic narratives of the 1950s obscure a history of postwar childhood that has more in common with the war years and the sixties, when children were mobilized to fight the Cold War both at home and abroad. Little Cold Warriors illustrates the many ways children and ideas about childhood served the demands of the Cold War.

Most of 14th Street is Gone
The Washington, DC Riots of 1968
J. Samuel Walker
US Nuclear Regulatory Commission
• Published on the 50th anniversary of the riots
• The first account of the riots that places them in the historical context of Washington, DC and the growing fear of racial violence in the city and around the nation in the mid-1960s
• Draws from newly-opened and previously underused archival materials, most notably the papers of Walter Washington

Most of 14th Street is Gone takes an in-depth look at the enormously destructive riots that erupted in Washington, DC in April 1968. This book offers an unprecedently detailed account of the riots that raged in the nation's capital from the perspectives of rioters, victims, law enforcement officials, soldiers, and government leaders.

Neighborhood
Emily Talen
University of Chicago
A city is a place where people come together, while a neighborhood, it is said, is a place where people belong. And yet this basic element of the human habitat often eludes us. Neighborhood makes the case that the neighborhood as traditionally understood needs to be reinstated as something real, meaningful, and non-exclusionary.

Oxford Encyclopedia of American Urban History
Edited by Timothy J. Gilfoyle, Loyola University Chicago
The Oxford Encyclopedia of American Urban History synthesizes three generations of urban historical scholarship, providing a thematic and chronological overview of American urban history from the pre-Columbian era until the beginning decades of the twenty-first century. The 92 articles collected in these two volumes describe and analyze the transformation of the United States from a simple agrarian and small-town society to a complex urban and suburban nation.

After the Vote
Feminist Politics in La Guardia’s New York
Elisabeth Israels Perry, Saint Louis University
- The first historical treatment of the hundreds of accomplished and politically astute women who navigated New York City’s mainstream political life during the mid-twentieth century
- Illustrates the variety of ways women negotiated the transition from nonpartisan to partisan activism after they won the vote
- A major contribution to the history of New York City from the perspective of the women who supported Mayor La Guardia and his progressive agenda
New York City mayor Fiorello La Guardia appointed almost a hundred women to administrative and judicial posts. No previous mayor had done anything comparable. After the Vote tells the story of these women and their work to modernize the nation’s largest city and advance American women’s political careers.

Coming Home
How Midwives Changed Birth
Wendy Kline, Purdue University
- The first in-depth, historical analysis of the home birth movement in the United States
- Based on interviews and archival records of midwives, doctors, and health organizations
- Takes a national approach to the topic of home birth, including urban, rural, and suburban case studies
Coming Home tells the story of how a significant number of parents in postwar America opted out of the standardized medicated hospital birth and recast home birth as a legitimate and desirable choice.

Alice Paul
Claiming Power
J.D. Zahniser and Amelia R. Fry, Bancroft Library
This biography of Alice Paul, long an elusive figure in the political history of American women, offers the first in-depth examination of the sources of Paul’s ambition and the development of her political consciousness. Focusing on Paul’s early years and suffrage leadership, the authors bring fresh insights to the persistent questions about Alice Paul and her legacy.

A Revolutionary Life
Amy Aronson, Fordham University

- First full-length biography of Catherine Crystal Eastman
- Sheds light on one of the most prominent social justice figures of the twentieth century
- Draws from newly-discovered materials, including unpublished manuscripts, rare speeches, and political strategy memos

The first biography of Crystal Eastman, this book tells the story of one of the most prominent social justice activists of the twentieth century. A founder of the ACLU, Eastman helped to shape the defining movements of the modern era—labor, feminism, peace, and free speech.

The Oxford Handbook of the History of Education
Edited by John L. Rury, University of Kansas, Lawrence, and Ellen H. Tamura University of Hawai'i Manoa

This Handbook offers a global perspective on the historical development of educational institutions, systems of schooling, educational ideas, and educational experiences. Its 36 chapters consider the field’s changing scholarship, while examining particular national and regional themes and offering a comparative perspective. Each also provides suggestions for further research and analysis.

Abolitionism
A Very Short Introduction
Richard S. Newman, Rochester Institute of Technology
- A short narrative of antislavery struggles in the 18th century Anglo-American world
- Surveys key activists and moments in the antislavery struggle
- Written by an expert who has also taught National Endowment of the Humanities summer seminars for secondary school teachers and worked on interpretations with public history site
A fresh synthesis of the abolitionist movement and ideas in the Anglo-American world.

American Naval History
A Very Short Introduction
Craig L. Symonds, U.S. Naval War College
This brisk narrative charts the history of the United States Navy from its birth during the American Revolution through its emergence as a global power amid the world wars of the twentieth century and finally to its current role as a superpower in the twenty-first century.

Native American Literature
A Very Short Introduction
Sean Teuton, University of Wisconsin-Madison
North American Indigenous literature reaches back thousands of years to when the continent’s original inhabitants first circled fires and shared tales. Sean Teuton tells its story, from when oral narrative first inspired Indigenous writers in English, through their later adaptations of the novel to serve creative and political needs.

The U.S. Constitution
A Very Short Introduction
David J. Bodenhamer, Indiana University-Purdue University Indianapolis
The U.S. Constitution: A Very Short Introduction explores the major themes of American constitutional history—federalism, the balance of powers, property, representation, equality, rights, and security. Informed by the latest scholarship, each theme illustrates how the Constitution has served as a dynamic framework for legitimating power and advancing liberty.

**American Cultural History**

* A Very Short Introduction
  * Eric Avila, University of California, Los Angeles

From the Boston Tea Party to the Dodgers, from the blues to Andy Warhol, and from dime novels to Disneyland, the history of American culture tells us how previous generations of Americans have imagined themselves, their nation, and their relationship to the world and its peoples. This Very Short Introduction lays out a chronological map of American culture, its thematic currents, and its creation by diverse social groups, emphasizing the role of culture in the shaping of national identity.

**The Treaty of Versailles**

* A Very Short Introduction
  * Michael S. Neiberg, US Army War College

This book presents an introduction to one of the most important treaties ever written, the Treaty of Versailles, which formally ended World War I in 1919. Controversial from the very beginning, the treaty still shapes the destinies of societies and states worldwide.

**American Foreign Relations**

* A Very Short Introduction
  * Andrew Preston, University of Cambridge

American Foreign Relations is a sharp, concise examination of America's relationship with the world from the founding to the present. It aims to offer analysis of key events, episodes, crises, and individuals in the making of American foreign relations.

**The History of Childhood**

* A Very Short Introduction
  * James Marten, Marquette University

In *The History of Childhood: A Very Short Introduction*, Marten provides a sweeping narrative of the key features of childhood through time and around the world, focusing on conflict and change, war and reform, and the issues and conditions that have shaped childhood throughout history and continue to shape it in the twenty-first century.
