ONLINE RESOURCES AND JOURNALS

from Oxford University Press

global.oup.com/online
Oxford University Press is a department of the University of Oxford. It furthers the University’s objective of excellence in research, scholarship, and education by publishing worldwide.

Oxford University Press makes digital resources available to users in a variety of institutions including academic, public, corporate, medical, and law libraries. We provide digital editions of many of Oxford University Press’s most acclaimed scholarly and reference works as well as academic and research journals. Both the journals and online resources cover subject areas across the Humanities, Social Sciences, Sciences, Medicine, and Law. All digital resources offer excellent functionality for teaching and research and provide a range of key features free-of-charge to support usage within libraries.

Visit global.oup.com/online for more information.

Oxford Journals Archive

Oxford University Press is committed to the dissemination of high-quality research by digitising the backfiles of the journals we publish—safeguarding the excellent scholarship of the past in order to serve the scholars of today and in years to come. The Oxford Journals Archive enables you to provide this highly influential content for your library users, through a subscription or a once-only purchase of perpetual access. Subscribe to or purchase the full Archive of more than 200 journals, or any of the five subject archives: Medicine, Science, Humanities, Social Sciences, and Law. You can also purchase journal archives on a title-by-title basis.

The Oxford Journals Archive spans more than two centuries of scholarship, from 1791 to 1995. It includes the backfiles of many prestigious titles such as *Brain*, *The American Historical Review*, and *The Quarterly Journal of Economics*.

Oxford Near Archive

The Near Archive enables you to complete your library holdings through online access to high-quality journal content. This once-only purchase option provides you with perpetual access to content published from 1996 to 2018. This Near Archive period is already available to a journal’s current subscribers. The Near Archive is available as a package deal, or on a title-by-title basis.

Oxford Dictionaries Premium

Oxford Dictionaries Premium is your destination whenever you need language guidance. Every time you need to know the meaning or pronunciation of a word, how to translate it into another language, or whether you are using it correctly, it is your first point of reference and your guide to the language of today.

Language Resources

- Arabic
- Chinese
- English
- French
- German
- Italian
- Portuguese
- Russian
- Spanish

Professional Language Resources

With an institutional subscription, you can enjoy ad-free browsing and access to our professional language resources:

- New Hart’s Rules: The Oxford Style Guide
- The New Oxford Dictionary for Writers and Editors
- Pocket Fowler’s Modern English Usage
- Garner’s Dictionary of Legal Usage

Bilingual Language Resources

Oxford Dictionaries Premium is also home to a number of bilingual dictionaries. Our resources contain the updated and enhanced texts of our top-of-the-range dictionaries. Fully searchable in each language, they are packed with extra content and tailored to suit your language needs.

Oxford English Dictionary

The Oxford English Dictionary (OED) is the most authoritative and comprehensive record of the English language in the world, tracing the evolution and use of words over the past 1,000 years. As a historical dictionary, the OED is very different from those of current English, in which the focus is on present-day meanings. You will still find these in the OED, but you will also find the history of individual words, and of the language, traced through more than 3 million quotations.

The Resource

- The only English dictionary that aims to trace the first recorded use of every sense of every word, to show when it entered the language
- The Historical Thesaurus of the Oxford English Dictionary allows users to explore the different words used for a particular concept or meaning over time
- OED Timelines help users discover when words entered the English language by subject, region, or origin
- Each entry shows sense development and quotation evidence and links to related entries—unlocking the history of every word
- Quarterly updates include hundreds of new and revised meanings
- In-entry links have been added to pertinent quotations so Oxford Scholarly Editions Online subscribers can directly see the context in which it is used

Learn more about Linguistics with the Oxford Research Encyclopedia of Linguistics, edited by Mark Arnow of the State University of New York at Stony Brook. It covers over 15 diverse subfields, including syntax, phonetics/phonology, linguistic theories, and semantics.

For more details, see page 15 or visit oxfordre.com
With today’s overabundance of information, and misinformation, students and researchers alike can be overwhelmed by identifying what’s trustworthy, what’s up to date, and what’s accurate. Oxford University Press has invested in the Oxford Research Encyclopedias (OREs) to meet this challenge. Working with international communities of scholars across all fields of study, we are developing new comprehensive collections of in-depth, peer-reviewed summaries on an ever-growing range of topics.

**Why the OREs?**

- **Everything you need to know**
  World-class experts give readers an overview of a subject that they can understand in half an hour of reading or less.

- **The latest insights**
  Every month, new topics are added and current essays are updated, ensuring your patrons have the most up-to-date content at their fingertips.

- **The content you can trust**
  Each essay is rigorously peer reviewed, so you can be assured that the information is accurate, unbiased, and up to date.

- **For everyone**
  Developed with a global community of librarians and university faculty, the OREs are written for anyone wishing to expand their knowledge, from a student just starting out in their studies to a researcher needing background on a related field.

**Discover the OREs**

- African History
- American History
- Anthropology
- Asian History
- Business and Management
- Climate Science

- Oxford Classical Dictionary
- Physics
- Planetary Science
- Politics
- Psychology
- Religion

Oxford University Press is proud to publish the OREs with

- International Studies Association
  ORE of International Studies
- National Association of Social Workers Press
  Encyclopedia of Social Work
- American Institute of Physics
  ORE of Physics
It can be frustrating for patrons to sort through different online resources provided by different publishers to find the content they need. That’s why Oxford University Press launched University Press Scholarship Online (UPSO), an online library bringing works from the world’s best university presses into a single, easy-to-use resource.

Including Oxford Scholarship Online, new books are published online every month, with each press adding to the variety of subjects covered on the platform. With works in almost every area of academia—from Ancient Egyptian religions and the economies of Southeast Asia to Renaissance Literature and the founding of America—UPSO is an essential resource for scholars, academics, students, and researchers alike.

- Tens of thousands of academic books in more than 30 subjects across the Humanities, Social Sciences, Sciences, Medicine, and Law
- Benefit from UPSO’s regular publishing schedule, bringing new books online every month
- The platform is user-friendly, allowing readers to search across all books, as well as hundreds of thousands of chapters in an instant, easily finding the content they need

Oxford Scholarship Online

With new books published every month, Oxford Scholarship Online (OSO) is an ever-growing online research library that brings together cutting-edge works from up-and-coming academics alongside those written by established and eminent names. OSO provides access to over 16,000 scholarly works and monographs from Oxford University Press’s world-renowned academic list, with subjects spanning across the Humanities, Sciences, Social Sciences, Medicine, and Law.

After listening to requests and feedback from our customers, Oxford University Press is delighted to announce that we will begin* offering print-replica PDFs for forthcoming books on Oxford Scholarship Online from November 2019.

*Please note that for the first half of 2020 a small proportion of new books may not publish with a print-replica pdf immediately on publication, but we will endeavor to offer these as soon as is possible after the book is published online. We will also be retroactively adding print-replica PDFs for books published in 2019 during the first few months of 2020.
Oxford Bibliographies

oxfordbibliographies.com

Oxford Bibliographies provides faculty and students with seamless pathways to the most reliable resources for a variety of academic topics. Each article is a guide to current scholarship on a topic, written and reviewed by academic experts, with original commentary and annotations by top scholars. This sophisticated recommendation service allows scholars and scientists worldwide to share sources used in their own studies. Those sources are then rigorously peer reviewed and vetted to ensure scholarly accuracy and objectivity, giving your institution instant access to the most comprehensive, trusted database of expert knowledge.

The Resource

- 2/7 access to expert research recommendations in over 7,000 articles in over 40 academic disciplines
- Navigate new-to-you subjects and identify all the key authors, works, ideas, and debates that have shaped the scholarly conversation
- Create syllabi, compile course texts, and find supplementary materials with ease

Oxford Handbooks Online

oxfordhandbooks.com

Home of the Oxford Handbook Series—the world’s most trusted source for scholarly research reviews, Oxford Handbooks Online is an outstanding collection of the best Handbooks in 17 subject areas. One of the most prestigious and successful strands of Oxford’s scholarly publishing, the Handbook series contains in-depth, high-level articles by scholars at the top of their fields.

Revolutionary changes to the publishing program ensure that all Handbooks will be available online as well as in print, and monthly updates introduce articles in advance of print publication, ensuring the most current, authoritative coverage anywhere.

The Resource

- An Editor-in-Chief and Editorial Board of subject experts ensure accuracy, authority, and objectivity
- Articles publish online first, delivering current, scholarly thought instantaneously
- A robust publishing schedule allows new articles to be added monthly across all subject areas, providing researchers with immediate access to new scholarship, increasing productivity and ensuring research is up to date and informed by current trends

Oxford Reference is the home of OUP’s quality reference publishing, bringing together millions of entries and thousands of images. Within Oxford Reference, there are two trusted collections.

The Collections

OXFORD REFERENCE LIBRARY
- In-depth, specialised content from Oxford University Press’s award-winning Encyclopedias and Companions
- Works from distinguished partners, allowing users to further build their research

OXFORD REFERENCE PREMIUM
- Core subject, language, and quotations dictionaries for readers who want to check a fact instantly
- A selection of in-depth, single-volume works from Oxford Reference Library, many of them being Oxford Companions
- All 22 core subject areas represented across hundreds of titles

Subject Areas

Arts and Humanities
Law
Medicine and Health
Science and Mathematics
Social Sciences

Very Short Introductions (VSI) provide intelligent and serious introductions to a huge range of subjects, written by experts who combine facts, analyses, new ideas, and enthusiasm to make challenging topics highly readable. Their digital availability means that hundreds of titles can be searched at once, opening up new pathways across subjects. Students can use VSIs to consider study options; embark on a new module, topic, or essay; or revise a particular subject, whilst lecturers can assign chapters or whole books by using reliable static URLs.

The Resource
- Comprehensive interlinking with other online resources, enhancing journeys from introductory material to advanced content, or for quick reference on key topics
- Updated every month with the newest Very Short Introductions; sign up to the RSS feed to keep up-to-date with the latest additions
- Read blog posts from many of the VSI authors on the OUPblog, engage with VSI through the official Facebook page, and watch author videos

Subject Areas

Arts and Humanities
Law
Medicine and Health
Science and Mathematics
Social Sciences
Electronic Enlightenment
e-enlightenment.com

A research project of the Bodleian Libraries (University of Oxford), Electronic Enlightenment (EE) provides unprecedented access to tens of thousands of letters from thousands of different correspondents, all written between the 17th and mid-19th centuries. Unique in scope, EE is the only place online where scholars and students can find an extraordinarily rich collection of documents ranging across a wide spectrum of subjects, from philosophy and music, to science and medicine.

World Shakespeare Bibliography
worldshakesbib.org

The World Shakespeare Bibliography (WSB) is the premier resource for finding scholarship about Shakespeare as well as the most comprehensive database of translations, adaptations, and professional performances of his works. International and multilingual in scope, the WSB has over 126,000 annotated and cross-referenced entries and over a million reviews. The WSB is updated on an ongoing basis, covering sources from 1960 to the present day. Published in association with The Folger Shakespeare Library, content hosted on the WSB has been subjected to thorough editorial review, providing authoritative research you can trust.

Oxford African American Studies Center
oxfordaasc.com

Led by renowned historian Henry Louis Gates, Jr., the Oxford African American Studies Center (AASC) is the most comprehensive digital guide to African American and African history and culture. Including thousands of biographies and subject entries, AASC delves into the lives of influential Africans and African Americans, such as Mansa Musa, President Barack Obama, Oprah Winfrey, Chinua Achebe, Beyoncé Knowles, and Nelson Mandela.

SIPRI Yearbook Online
sipriyearbook.org

The world-renowned SIPRI Yearbook looks behind the headlines you’ve been reading in the prior year, offering expert analysis and data on conflicts, peace treaties, humanitarian crises, world nuclear weapon stocks, and more. Written by a dedicated group of international researchers, the dependable and high-quality SIPRI Yearbook is an essential research resource for students, scholars, contemporary historians, journalists, and diplomats. SIPRI Yearbook Online offers access to editions of the Yearbook from 2010 and onwards, available on a single online resource.

Explore more reference resources found within the Oxford Research Encyclopedias, including:

Religion • Anthropology • Education

For more details, see page 15 or visit oxfordre.com
The New Oxford Shakespeare Online
newoxfordshakespeare.com

The New Oxford Shakespeare Online (NOS) is a dynamic, interactive resource that presents an entirely new consideration of all of Shakespeare’s works, edited from the base-texts themselves, and drawing on the latest textual and theatrical scholarship.

The project’s scope, depth, and vision provide the perfect platform for the future of Shakespeare studies at all levels, from undergraduate to advanced research. It is made up of three interconnected publications created by an international, intergenerational team of scholars under the leadership of Gary Taylor, John Jowett, Terri Bourus, and Gabriel Egan.

The NOS includes:

The Modern Critical Edition
- A complete Shakespeare for students and teachers
- Provided in modernised spelling for reading and study

The Critical Reference Edition
- Provided in original spelling from folio and quarto copy-texts
- Detailed critical apparatus supports chosen readings and emendations

The Authorship Companion
- Provides the editorial principles of the edition for literary scholars
- Will constitute a major contribution to the debates over what Shakespeare wrote

Oxford Scholarly Editions Online
oxfordscholarlyeditions.com

Oxford Scholarly Editions Online (OSEO) features authoritative online editions of original works by some of the most important writers and philosophers in the humanities, from William Shakespeare to William Wordsworth, Jane Austen to Plato. While preserving the traditional link with print, OSEO has broken the print editions apart to put the texts themselves front and centre, making them fully accessible to students and scholars worldwide.

- Academic advisors, alongside Editor-in-Chief Michael F. Suarez, S.J., ensure the highest editorial standards
- Digital innovations on OSEO include notes and extra links that keep pace with the text; advanced search and widgets to find references anywhere on the web; ‘read alongside’ features allowing you to compare different volumes, texts, and translations simultaneously; and content that is digitally citable with easily exportable references
- Recent updates have included works from Plato, and Medieval poetry and prose from the Oxford Medieval Texts series

Modules
- 18th Century Drama
- 18th Century Poetry
- 18th Century Prose
- 19th Century Drama
- 19th Century Poetry
- 19th Century Prose
- Aristotle
- Early 17th Century Drama
- Early 17th Century Poetry
- Early 17th Century Prose
- Greek Comedy
- Greek Tragedy
- Latin Drama
- Latin History
- Latin Poetry
- Latin Prose
- Medieval Poetry
- Medieval Prose
- Plato
- Renaissance Drama
- Renaissance Poetry
- Renaissance Prose
- Restoration Drama
- Restoration Poetry
- Restoration Prose
- Romantics Drama
- Romantics Poetry
- Romantics Prose
- Shakespeare

The Oxford Research Encyclopedia of Literature is led by Editor-in-Chief Paula Rabinowitz of the University of Minnesota. It covers literary studies from a global perspective and across various themes, including literatures from around the world, literary theory, and film, TV, and media.

For more details, see page 15 or visit oxfordre.com
American National Biography Online

Discover the lives of more than 19,000 men and women—from all eras and walks of life—who have influenced American history and culture in the acclaimed American National Biography Online (ANB). From missionaries to musicians, social workers to statisticians, and cowboys to chemists, the portraits in the ANB combine to reflect the rich diversity of American life, from pre-colonial times to the present.

Oxford Dictionary of National Biography

The Oxford Dictionary of National Biography is the national record of men and women who have shaped British history and culture worldwide, from the Romans to the 21st century. The Dictionary offers over 60,000 concise, up-to-date biographies written by named, specialist authors as well as over 500 themed articles. Overseen by academic editors at Oxford University, it is an invaluable resource for students, teachers, researchers, and academics concerned with the British past.

Who’s Who and Who Was Who

Who’s Who and Who Was Who is the leading source of up-to-date information on over 130,000 influential people from all walks of life, worldwide. Containing autobiographical listings of people from around the globe who have had an impact on British life, including senior politicians, judges, civil servants, and notable figures from the arts, academia, and other areas, it is seen as one of the world’s most recognised and respected works of reference.

Oxford RESEARCH ENCYCLOPEDIAS

Working with international communities of scholars across all fields of study, Oxford University Press is developing new comprehensive collections of in-depth, peer-reviewed summaries on an ever-growing range of topics.

The following Oxford Research Encyclopedias offer an extensive coverage of modern and ancient history:

- American History
- Latin American History
- Asian History
- African History
- Oxford Classical Dictionary

“It stands as a dynamic encyclopedia reflecting how the best research and scholarship appropriates new methodologies, original modes of inquiry, and fresh reconsideration of interpretations, enlarging our understanding of past and present alike.”

— William H. Beezely, Editor-in-Chief of the ORE of Latin American History

For more details, see page 15 or visit oxfordre.com
**Grove Art Online**
[oxfordartonline.com/groveart](oxfordartonline.com/groveart)

Grove Art Online is the foremost scholarly art encyclopedia, covering both Western and non-Western art. First published as the landmark 34-volume Dictionary of Art, edited by Jane Turner, the content of Grove Art Online encompasses all aspects of visual culture. It features articles about topics as varied as Fauvism and Frida Kahlo, bibliographies for further research, and thousands of searchable images made available through Oxford’s partnerships with museums, galleries, and other outstanding arts organisations.

- Grove Art Online is a living resource, with scholars and specialists from around the world continually reviewing and updating existing content and contributing new articles
- In addition to the vast number of entries on the visual arts, Grove Art Online features exceptional learning resources that organise the content for use in art and art history classrooms
- Available on the Oxford Art Online platform, Grove Art Online is cross-searchable with the Benezit Dictionary of Artists (dual subscription required)

**Benezit Dictionary of Artists**
[oxfordartonline.com/benezit](oxfordartonline.com/benezit)

Since its first publication in 1911, Benezit Dictionary of Artists has become one of the most comprehensive and definitive resources of artist biographies available. Featuring more than 169,000 clear and concise entries covering artists across all media, Benezit is distinguished by its coverage of lesser-known artists, images of artists’ signatures, historical auction records, and lists of museum holdings.

- Updated regularly to reflect new scholarship, additions to the bibliographies, and corrections
- Features more than 11,000 images of artist signatures, monograms, and stamps of sale
- Learning resources, including thematic guides and abbreviations, enable quick and easy access to featured content

**Grove Music Online**
[oxfordmusiconline.com/grovemusic](oxfordmusiconline.com/grovemusic)

Grove Music Online is the leading resource for music research. This comprehensive resource draws from the full texts of The New Grove Dictionary of Music and Musicians (2 ed.), The New Grove Dictionary of Opera, and The New Grove Dictionary of Jazz (2 ed.) and also includes new and updated articles and bibliographies exclusively available online. Featuring over 52,000 articles, from Bach to Beyoncé, Grove Music Online is the go-to resource for students and scholars alike.

- Grove Music Online is a living resource, with scholars and specialists from around the world continually reviewing and updating existing content and contributing new articles
- In addition to the vast number of articles, Grove Music Online also features a host of learning resources, including timelines and subject guides that organise content for use in the classroom
- Many of the most-recent additions to Grove Music Online come from two new print publications, The Grove Dictionary of American Music (2 ed.) and The Grove Dictionary of Musical Instruments (2 ed.)

**Oxford History of Western Music**
[oxfordmusiconline.com](oxfordmusiconline.com)

The award-winning Oxford History of Western Music offers an unmatched narrative account of the evolution of Western classical music. Laced with brilliant observations, memorable musical analyses, and a panoramic sense of the interaction between history, culture, politics, art, literature, religion, and music, it is an essential resource for anyone interested in the rich tradition of Western music. The driving force behind the Oxford History of Western Music is Richard Taruskin, one of the most prominent and provocative musicologists working today.

- Access the full text from the Oxford History of Western Music with notes, bibliographies, and further readings for all chapters
- Browse 500 illustrations, 1,800 musical examples, and the index from the 2009 print edition
- For users that also have access to Grove Music Online (GMO), Taruskin’s text is accompanied by editorially selected links to relevant articles in GMO
Oxford Medicine Online

Oxford Medicine Online is home to Oxford University Press’s prestigious medical publishing, bringing together over 1,000 titles written and updated by world-renowned authors. It contains content in over 110 specialty and subspecialty areas, with resources spanning every stage in a medical career.

Notable Series include:

**Oxford Medical Handbooks**
Over 60 pocket handbooks designed to help readers find the information they need quickly.
Key title: *Oxford Handbook of Clinical Medicine*

**Oxford Medical Textbooks**
Incorporates evidence-based practice and patient management information.
Key title: *Oxford Textbook of Medicine*

**European Society of Cardiology**
Series that offers online reference works covering all areas of cardiology, ranging from cardiovascular imaging, to preventive cardiology.
Key title: *ESC CardioMed*

Specialties include:

- Allied Health Professions
- Anaesthetics
- Clinical Medicine
- Clinical Neuroscience
- Community Medical Services
- Critical Care
- Dentistry
- Emergency Medicine
- Forensic Medicine
- Haematology
- History of Medicine
- Medical Dentistry
- Medical Ethics
- Medical Skills
- Medical Statistics and Methodology
- Midwifery
- Neuroscience
- Nursing Studies
- Obstetrics and Gynaecology
- Occupational Medicine
- Ophthalmology
- Otolaryngology (ENT)
- Paediatrics
- Pathology
- Patient Education and Information
- Pharmacology
- Popular Health
- Preclinical Medicine
- Primary Care
- Professional Development in Medicine
- Psychiatry
- Psychotherapy
- Public Health and Epidemiology
- Radiology
- Reproductive Medicine
- Surgery

AMA Manual of Style

The *AMA Manual of Style* is a must-have guide for those seeking to publish research findings and anyone involved in medical or scientific publishing. The new 11th edition is completely revised, with updates on citations and references in scientific publications, including examples of newer sources such as trial registries, data repositories, preprints, and social media; new guidelines added on public access, open access, article processing charges, hybrid and mega open access journals, and copyright and licensing; and major expansions made to the sections on statistics, study design, and visual display of data.

Oxford Clinical Psychology

Oxford Clinical Psychology provides full-text access to over 300 titles in Oxford’s global clinical psychology publishing program. Covering a broad range of specialty areas, disorders, and treatment modalities, *Oxford Clinical Psychology* offers access to high-quality research and practice information contributed by a superlative group of experienced authors and editors. This comprehensive library includes professional reference books, seminal scholarly and research works, *The Collected Works of D.W. Winnicott*, and the renowned Treatments *That Work* series.

*Oxford Clinical Psychology* is an essential resource for clinical psychologists in academic settings and in professional practice as well as for professors and instructors, students, trainees, and interns in clinical psychology.

- All titles go through an extensive review process, ensuring that all content is reliable and trustworthy
- Forms and worksheets published within the Treatments *That Work* series can be downloaded, edited on-screen, and saved locally for teaching purposes and clinical use
- Regular content updates of new and classic works now yields a library of over 300 titles
Oxford International Organizations collects and analyses primary materials on international organisations, ranging from their constituent instruments, resolutions, and agreements with host states, to national and international court decisions and states’ declarations and policy statements. Headnotes include expert analysis of each document, setting out their impact on the internal working of the organisation in question and the development of the law of international organisations generally.

The Max Planck Encyclopedias of International Law is a comprehensive resource containing peer-reviewed articles on every aspect of public international law. This definitive reference work contains both the Max Planck Encyclopedia of Public International Law and the Max Planck Encyclopedia of International Procedural Law. Written and edited by an incomparable team of scholars and practitioners, the encyclopedias are published in partnership with the Max Planck Foundation for International Peace and the Rule of Law and the Max Planck Institute Luxembourg for Procedural Law. This resource is updated throughout the year, providing an essential resource for anyone researching or teaching international law.

Oxford Reports on International Law has set new standards for currency and coverage of public international case law, reporting on international courts, domestic courts, and ad hoc tribunals. Case reports contain the full text of each decision and headnotes as well as analytical commentary and English translations of a number of key non-English decisions.

Oxford Scholarly Authorities on International Law contains full-text online editions of market-leading reference works and treatises published by Oxford University Press, such as Oppenheim and the Oxford Commentaries on International Law. Chapters can be browsed by subject area, and all books are linked to the Oxford Law Citator, providing easy access to the full text and further analysis of materials they discuss.

Oxford Historical Treaties is the premier resource for historical treaty research and home to the full text of The Consolidated Treaty Series (CTS), the only comprehensive collection of treaties of all nations concluded from 1648 through 1919. Individual treaties from within the series are reproduced as PDFs exactly as they appear in the print series and are searchable by treaty party, CTS citation, date range, treaty title, and description.
The Max Planck Encyclopedia of Comparative Constitutional Law allows readers to study constitutional issues in depth and in their historical, conceptual, and regional contexts, which allows for wide-ranging research into related areas and topics. The Encyclopedia links to Oxford’s comprehensive online collection of national and subnational constitutions and other comparative constitutional scholarship via the Oxford Law Citator.

Oxford Constitutions of the World is the only resource to contain fully translated English-language versions of all the world’s constitutions (national, subnational, and indigenous polities), accompanied by individual jurisdictional commentaries and supplementary materials, including foundation documents, historical versions of constitutions, and amendment acts/laws.

US Constitutional Law provides a comprehensive research resource on the law, politics, and history of constitutionalism in the United States at the federal and state levels. Combining extensive primary materials with expert state-by-state commentary from the series Oxford Commentaries on the State Constitutions of the United States, the service provides researchers with unparalleled access to the historical development of federal and state constitutionalism.

Oxford Competition Law is the only fully integrated service to combine market-leading commentaries with rigorous, selective national case reports and analysis from EU member states. The service is continually updated with cases and materials, a must-have for practitioners and legal scholars needing up-to-date information quickly.

Includes:
- Bellamy & Child: European Union Law of Competition (with online updates)
- Faull & Nikpay: The EU Law of Competition
- Whish & Bailey: Competition Law

Investment Claims contains a fully integrated collection of high-quality content on international investment arbitration. This resource includes peer-reviewed case reports, key monographs, arbitration awards and decisions, and treaty overviews from expert correspondents.

Includes:
- Bellamy & Child: European Union Law of Competition (with online updates)
- Faull & Nikpay: The EU Law of Competition
- Whish & Bailey: Competition Law

The Oxford Legal Research Library provides integrated access to key law titles across four subject area collections. These collections bring together authoritative titles—established and new—written by world-renowned authors, making them essential to all those advising on or researching in these areas.

Includes:
- International Commercial Arbitration
- International Commercial Law
- Financial and Banking Law
- Private International Law
