Chapters with online only references

1.1 International progress in creating palliative medicine as a specialized discipline and the development of palliative care  5
Sheila Payne and Tom Lynch

1.2 Providing palliative care in economically disadvantaged countries  6
M.R. Rajagopal and Reena George

1.3 Essential medicines for palliative care  7
Liliana De Lima, Lukas Radbruch, and Eduardo Bruera

2.1 The problem of suffering and the principles of assessment in palliative medicine  8
Nathan I. Cherny

2.2 The epidemiology of death and symptoms: planning for population-based palliative care  12
Megan B. Sands, Dianne L. O’Connell, Michael Piza, and Jane M. Ingham

2.4 Defining a ‘good’ death  17
Karen E. Steinhauser and James A. Tulsky

2.5 Ethnic and cultural aspects of palliative care  18
LaVera Crawley and Jonathan Koffman

2.6 The economic challenges of palliative medicine  20
Thomas J. Smith and J. Brian Cassel

3.2 Palliative care delivery models  22
Irene J. Higginson

4.1 The core team and the extended team  24
Dagny Faksvåg Haugen, Friedemann Nauck, and Augusto Caraceni

4.2 Teaching and training in palliative medicine  25
Karen Forbes and Jane Gibbins

4.3 Nursing and palliative care  27
Deborah Witt Sherman and David C. Free

4.4 Social work in palliative care  28
Terry Altilio and Nina Laing

4.5 The role of the chaplain in palliative care  29
George Handzo and Christina M. Puchalski

4.6 Occupational therapy in palliative care  30
Jill Cooper and Nina Kite

4.7 Music therapy in palliative care  31
Clare O’Callaghan

4.8 The contribution of the dietitian and nutritionist to palliative medicine  32
Rosemary Richardson and Isobel Davidson

4.9 Physiotherapy in palliative care  33
Anne M. English

4.10 Speech and language therapy in palliative care  34
Tim Luckett and Katherine L.P. Reid

4.11 The contribution of art therapy to palliative medicine  36
Michèle J.M. Wood

4.13 Clinical psychology in palliative care  37
Anja Mehnert

4.14 The contribution of the clinical pharmacist in palliative care  38
Margaret Gibbs

4.15 Medical rehabilitation and the palliative care patient  39
Deborah Julie Franklin and Andrea L. Cheville

4.16 Burnout, compassion fatigue, and moral distress in palliative care  41
Nathan I. Cherny, Batsheva Werman, and Michael Kearney

5.1 Human rights issues  44
Frank Brennan and Liz Gwyther

5.3 Neuro-palliative care and disorders of consciousness  45
Joseph J. Fins and Barbara Pohl
5.4 Truth telling and consent 47  
Linda L. Emanuel and Rebecca Johnson

5.5 Ethics in paediatric palliative care 48  
Richard D.W. Hain

5.6 Dignity and palliative end-of-life care 49  
Harvey Max Chochinov, Susan E. McClement, and Maia S. Kredentser

5.8 Withholding and withdrawing life-sustaining treatment (including artificial nutrition and hydration) 50  
Danielle N. Ko and Craig D. Blinderman

6.1 Communication with the patient and family 52  
Thomas W. LeBlanc and James A. Tulsky

6.2 Talking with families and children about the death of a parent 54  
Mari Lloyd-Williams and Jackie Ellis

6.3 Communication between professionals 56  
Jane deLima Thomas, Katie Fitzgerald Jones, Amanda Moment, and Janet L. Abrahm

7.2 The measurement of, and tools for, pain and other symptoms 58  
Jane M. Ingham, Helen M. Moore, Jane L. Phillips, and Russell K. Portenoy

7.3 Informatics and literature search 65  
Jennifer J. Tieman and David C. Currow

7.4 Validated assessment tools for psychological, spiritual, and family issues 66  
Linda L. Emanuel, Richard A. Powell, George Handzo, Kelly Nichole Michelson, and Lara Dhingra

8.1 Fatigue and asthenia 69  
Sriram Yennurajalingam and Eduardo Bruera

8.2 Dyspnoea and other respiratory symptoms in palliative care 73  
Kin-Sang Chan, Doris M.W. Tse, and Michael M.K. Sham

8.3 Anaemia, cytopenias, and thrombosis in palliative medicine 78  
Nancy Y. Zhu and Cynthia Wu

8.4 Genitourinary aspects of palliative care 79  
Olivia T. Lee, Jennifer N. Wu, Frederick J. Meyers, and Christopher P. Evans

8.5 Oral care 80  
Andrew N. Davies

8.6 Sleep disorders 81  
Kyriaki Mystakidou, Irene Panagiotou, Efi Parpa, and Eleni Tsilika

8.7 The management of bleeding in palliative care 83  
Jose Pereira and Jennifer Brodeur

8.8 Sexual dysfunction: discussing patient sexuality and intimacy in palliative care 90  
Amanda Hordern

9.1 Principles of drug therapy: focus on opioids 91  
Ruth Branford, Emily Wighton, and Joy Ross

9.2 Pathophysiology of pain in cancer and other terminal illnesses 93  
Richard M. Gordon-Williams and Anthony H. Dickenson

9.3 Definition and assessment of chronic pain in advanced disease 95  
Clare Rayment and Michael I. Bennett

9.4 Opioid therapy: optimizing analgesic outcomes 96  
Marie T. Fallon and Nathan I. Cherny

9.5 Opioid therapy: managing risks of abuse, addiction, and diversion 104  
Julie R. Price, Alric D. Hawkins, and Steven D. Passik

9.6 Non-opioid analgesics 106  
Per Sjögren, Frank Elsner, and Stein Kaasa

9.7 Adjuvant analgesics 107  
David Lussier and Russell K. Portenoy

9.8 Interventionsal approaches for chronic pain 110  
Robert A. Swarm, Menelaos Karanikolas, Lesley K. Rao, and Michael J. Cousins

9.9 Neurostimulation in pain management 111  
Joy Hao, Rae Lynne Kinler, Elezer Soto, Helena Knotkova, and Ricardo A. Cruciani

9.10 Rehabilitation medicine approaches to pain management 114  
Andrea L. Cheville and Jeffrey R. Basford

9.11 Psychological and psychiatric interventions in pain control 118  

9.12 Complementary therapies in pain management 121  
Gary Deng and Barrie R. Cassileth

9.13 Paediatric pain control 122  
Renée McCulloch and John J. Collins

10.1 Dysphagia, dyspepsia, and hiccups 127  
Katherine Clark
10.2 Palliation of nausea and vomiting 128
Janet R. Hardy, Paul Glare, Patsy Yates, and Kathryn A. Mannix

10.3 Constipation and diarrhoea 131
Nigel P. Sykes

10.4 Jaundice, ascites, and encephalopathy 133
Jeremy Keen

10.5 Aetiology, classification, assessment, and treatment of the anorexia-cachexia syndrome 137
Vickie E. Baracos, Sharon M. Watanabe, and Kenneth C.H. Fearon

11.1 Skin problems in palliative care 139
Patricia Grocott, Georgina Gethin, and Sebastian Probst

11.2 Pruritus and sweating in palliative medicine 140
Mark R. Pittelkow, Charles L. Loprinzi, and Thomas P. Pittelkow

12.1 The oncologist’s role in delivering palliative care 144
Nathan I. Cherny and Stein Kaasa

12.3 Radiotherapy in symptom management 146
Peter J. Hoskin

12.4 The role of general surgery in the palliative care of patients with cancer 148
Brian Badgwell and Robert S. Krouse

12.5 Orthopaedic surgery in the palliation of cancer 151
John H. Healey and David McKeown

13.1 Cancer pain syndromes: overview 152
Nathan I. Cherny

13.3 Management issues in neuropathic pain 166
Nanna Brix Finnerup and Troels Staehelin Jensen

13.5 Management issues in chronic pain following cancer therapy 168
Martin Chasen and Gordon Giddings

14.2 Endocrine and metabolic complications of advanced cancer 170
Mark Bower, Louise Robinson, and Sarah Cox

14.3 Bowel obstruction 173
Carla I. Ripamonti, Alexandra M. Easson, and Hans Gerdes

15.1 HIV/AIDS 176
Meera Pahuja, Jessica S. Merlin, and Peter A. Selwyn

15.3 Advanced heart disease 180
Steven Z. Pantilat, Anthony E. Steimle, and Patricia M. Davidson

15.4 Dementia 182
Eric Widera and Rachelle Bernacki

15.5 Neurological disorders other than dementia 184
Raymond Voltz, Stefan Lorenzl, and Georg S. Nübling

15.6 End-stage kidney disease 185
Fliss E. M. Murtagh

15.7 Palliative medicine in the intensive care unit 188
Nathan I. Cherny, Sharon Einav, and David Dahan

15.3 Palliative medicine and care of the elderly 190
Meera Agar and Jane L. Phillips

17.3 Depression, demoralization, and suicidality 193
David W. Kissane and Matthew Doolittle

17.4 Adjustment disorders and anxiety 195
Simon Wein and Limor Amit

17.5 Delirium 197
Meera Agar, Yesne Alici, and William S. Breitbart

17.6 The family perspective 198
Carrie Lethborg and David W. Kissane

17.7 Bereavement 200
David W. Kissane and Talia I. Zaider

17.8 Management of the actively dying patient 203
Judith Lacey

18.2 Sedation at the end of life 204
Eric L. Krakauer

19.3 Understanding clinical trials in palliative care research 205
John T. Farrar

19.4 Qualitative research 207
Kate Flemming

19.5 Research into psychosocial issues 208
David W. Kissane, Annette F. Street, Erin E. Schweers, and Thomas M. Atkinson

19.6 Ethical issues in palliative care research 211
David Casarett

19.7 Quality of life in palliative care: principles and practice 213
Stein Kaasa and Jon Håvard Loge

19.8 Health services research in palliative care and end-of-life care 217
Tinne Smets and Luc Deliens
