Enter a world of discovery and adventure – improve your English through fact and fiction!

Oxford Read and Imagine invites young readers into an exciting world of great stories. Follow Rosie, Ben, Grandpa and his robot Clunk on their adventures in Grandpa’s fantastic van. The van can fly. It can change shape. It can go anywhere in the world in moments... And it can travel through time! Together they explore the everyday life and familiar settings, discover nature and history, solve problems and deal with difficulties along their way.

Grandpa
He’s no ordinary granddad... Grandpa is a scientist who has made all sorts of inventions and incredible machines – especially his amazing van, which can travel anywhere in space and even time.

Rosie
Ben’s younger sister Rosie is an active girl who loves running, jumping, dancing and all sorts of sports. When situations get a little scary, she is always brave and resourceful!

Clunk
Clunk is a friendly robot built by Grandpa himself from bits of other machines and household objects. He’s Grandpa’s best assistant.

Ben
Ben is a curious boy who likes finding out about new things. He often has his head in a book and he comes up with great ideas if the group gets into trouble on their adventures.

The books include language support, activities and projects to assist readers in their learning journey. Learners can complete activities whilst reading or after reading – some with supporting activities for the Cambridge Young Learner Test. Picture dictionaries and glossaries help with unknown words along the way.

A powerful partnership between fact and fiction!

Oxford Read and Imagine readers are matched with Oxford Read and Discover titles to give learners the chance to explore the same topics through fact and fiction.

The series cover three curriculum areas:

THE WORLD OF SCIENCE TECHNOLOGY
THE WORLD OF ARTS & SOCIAL STUDIES
THE NATURAL WORLD

Watch kids grow up with Rosie and Ben as they enjoy reading at the right level.
