How do I register for a webinar?

If you would like to take part in one of our webinars, you need to register for it first. You can do that by visiting the following website https://elt.oup.com/events and choosing a webinar that you would like to participate in.

Once you have chosen a specific webinar, click on the title or the “Register” button. You will be taken to the webinar’s page, where you can find more information about it, such as who the speaker is or what time does the webinar start.

Click on the “Register” button or tab and fill out the registration form with all the necessary data. Fields marked with a red asterisk are mandatory (you will not be able to register if you do not complete these fields).

Finally, scroll down, click the “Submit” button and confirm that you wish to register for this particular webinar. After doing that, you should receive the registration confirmation email. If you do not receive it or if you have any questions regarding the registration process or the webinar itself, please contact us at: elt.events@oup.com (please note that all replies will be in English).

I want to cancel my place; do I need to tell you?

Yes, please contact elt.events@oup.com if you wish to cancel your place, otherwise you will continue to receive correspondence from us about the webinar.
