More than one: Challenge 4

If you look up bird, you also find birds.

Birds is the word for more than one bird. There is an -s at the end of the word to show that there is more than one.

1. What is the word for more than one of these?

1. hat .......................................................... 3. magazine ..................................................

2. elephant ................................................. 4. tractor ......................................................

Some words do not add –s to show that there is more than one. Some words do not change at all. If you look up goldfish, you will see that the word for more than one is the same – goldfish.

Some words change in different ways. If you look up mouse, you will also see mice. Mice is the word for more than one mouse.
