Getting started: Super Challenge 1

Look at pages 142-143 in your Oxford Junior Illustrated Dictionary:

1. What are the catch words on page 142?

2. Find and write three adjectives on page 143:

3. Which word has this label: (in mathematics)?

4. Read the definitions of octagon and octopus. Which number do they have in common?

5. Write down two words that rhyme with opaque:

6. What is the plural form of ocean?

7. Write down three things which oil can be used for:

8. Find and write down the other forms of the verb occupy:

9. Which sport is mentioned in the example sentence for often?

10. Write an example sentence for the word old-fashioned:
