Picture this

Draw a picture of an imaginary creature. It could be a new species of animal, a magical or mythological creature, or even a creature from outer space!

Choose at least four of the body parts from the words below to give your creature. Look up any words that you don’t know in your dictionary first to find out what they mean.

tail  fin  wing  
paw  hoof  antenna  
antler  tentacle  
talon  claw  fang  
horn  tusk  whisker  
fleece  mane  

When you’ve finished drawing, add labels to your picture for each of the body parts.

Finally, think up an interesting name for your creature and give your drawing a title.
