Andrew Jeffrey Expert Event

The CPA Approach: How to get the Very Best from your Maths Resources

The Oxford Expert Speaker Programme brings the best known experts in education to events across the UK to share new ways of thinking about teaching and learning.

Oxford University Press is delighted to be working with Andrew Jeffrey, and will sponsor the training costs to deliver Andrew’s sessions to schools.

Event Agenda:

Session 1
Numicon and Cuisenaire
With an emphasis on problem solving

Session 2
Straws
How to make place value and calculation literally ‘child’s play’

Session 3
Multilink – It’s Multi-Purpose!
Shape, area, division and sequences

Session 4
Playing Cards
Versatile and ace at supporting fluency

Further details
Designed for Primary Head Teachers, SLT and Subject Leaders
Duration: Full Day (approx. 5 hours)

To book a session
Please contact your local Primary educational consultant

About Andrew Jeffrey

During a 30 year career Andrew has been a teacher, school leader, inspector, author and consultant. His passion is studying why some children find mathematics so hard to grasp. Andrew has worked with schools and speaks at conferences both nationally and internationally about helping children understand and enjoy mathematics. He is also a magician and loves using magic tricks with mathematical secrets to inspire children and teachers!
