## Programmes

### Read Write Inc. Literacy and Language

**Effective assessment in Read Write Inc. Literacy and Language and Read Write Inc. Spelling**

Formative assessment is integral to all the Read Write Inc. programmes.

**Read Write Inc. Literacy and Language** includes the following assessment support, linked to the expectations of the new English Programmes of Study:

- Evaluation criteria for each unit to allow teachers to assess children on an ongoing, formative basis.
- Self-evaluation criteria for each unit to allow children to assess their own writing.
- Open questions throughout the teaching allow teachers to assess children’s comprehension of texts and their ability to extract information from texts.
- Three practice grammar tests for each of Years 2-6 to prepare children for the statutory tests in England.

**Read Write Inc. Spelling** includes the following assessment support, linked to the expectations of the new English Programmes of Study:

- Pre-programme activities to assess and revise children’s grasp of the phonics and spelling content from the English Programmes of Study for Year 1.
- Assessments built in to the activities for every unit, testing knowledge from previous units.
- Six practice tests for each of Years 2-6 (with six further ‘challenge’ tests at Year 6 for high achievers) to prepare children for the statutory tests in England.
- Tracking spreadsheets to enable recording and tracking of individual children’s progress, and identification of units or concepts which they need to cover again.

Links are also provided to the curricula in Wales, Scotland and Northern Ireland.

**Further information on our website**

For further information about Read Write Inc. Literacy and Language and Read Write Inc. Spelling and to access detailed curriculum correlation charts, go to [www.oxfordprimary.co.uk](http://www.oxfordprimary.co.uk)
