Support your children’s grammar, punctuation and spelling

Oxford dictionaries and thesauruses are compiled by children’s language experts, supported by a unique database of real children’s language (the Oxford Corpus), and tested in schools like yours. This is what makes Oxford dictionaries the world’s most trusted dictionaries.

• Easy to use – simple clear layouts
• Easy to understand – written by language experts, with age-appropriate entries, so you can find a dictionary and a thesaurus for every key age group
• Easy to enjoy – contemporary 3D illustrations, photographs and line drawings

Oxford Corpus: Oxford dictionaries are created using the Oxford Corpus. A unique treasure chest of over 200 million words compiled from a wide number of print and online sources and children’s actual written work. This bank of words means that you can be sure our dictionaries and thesauruses are steeped in children’s real language, which is age-appropriate and relevant.
