Follow-up activities

- Extend learning outside the guided reading session.
- Provide meaningful activities for the rest of the class to do during guided reading sessions.
- Deepen children’s comprehension skills through a wide range of activities.

Links to the wider curriculum

- Apply English skills across the curriculum.
- Contextualize children’s learning.
- Encourage wider reading.

Cross-curricular activities provided for every book.

Ideas to develop themes in your classroom.

Photocopiable resources for every book develop comprehension, vocabulary, discussion and debate, and link writing to the books children have read.

Additional templates help cater to the needs of every group.

Mysterious phrases

Find all the phrases that are used to describe mysteries.
