Where are you on your Professional Development journey?

"Thank you – such skilled and personable presenters. I feel a change of practice coming on!"

Deb O’Rourke
Phase Leader
Barncroft Primary

Implement
Our 5 day implementation programme supports your school over the first year and beyond. Build confidence in teaching to mastery through detailed understanding of the Singapore Approach.

Discover
Our workshops and national conferences provide the first building block to get you started with Inspire Maths.

Develop
Designed to meet the specific needs of your school, improving on your staff’s subject knowledge and pedagogical practice through continuing professional development.

Refresh
New staff
