Course Structure

From September 2015 (first exams in 2017), the following changes will be made:

- Grading to change from G-A* to a 1-9 system
- Greater breadth and depth of topics
- Increased focus on reasoning and problem-solving

AQA GCSE Maths provides comprehensive support through resources designed to help you and your students every step of the way. Address each change to the curriculum with books that put an emphasis on problem-solving, practice and mathematical literacy.
